# Editor's notes...

JULY 2023

Nik Allen, Editor

Hello and welcome to this month's edition of **VISION** BillericayShenfield. As we enter the heart of summer, July brings forth a special milestone for many families in our community. Summer is a time of transition and excitement as our little ones embark on a new chapter in their educational journey - the leap from preschool to primary school.

As a father currently going through this, I marvel at how quickly the years have flown by and reflect on the wonderful memories created during this time.

In particular, I want to highlight the efforts of our local preschools and primary schools in ensuring a smooth and successful transition for our young learners.

It is heartening to see that our local educators understand the importance of building strong foundations for our children from the very beginning. They recognise that a supportive and nurturing environment during this critical transition phase can make a world of difference in shaping a child's educational journey.

Investing time and effort in ensuring our children settle in well and have the best possible start demonstrates the commitment of our educational institutions. Such collaborative efforts between nurseries and primary schools lay a solid foundation for our children's academic, social and emotional development.

I hope everyone enjoys their summer holidays before the new school term.

# MARTIN TYLER'S fantastic finish

**Celebrating both the career and the caressing tones of Martin Tyler, one of the most revered and celebrated football commentators of the modern era, who has left Sky Sports after 33 years of service.**

"Manchester City are still alive here... Balotelli... AGUERROOOOO! I swear you'll never see anything like this again. So, watch it. Drink it in."

Martin Tyler's almost indelible words that accompanied Manchester City's first Premier League title in 2011/12 came more than two decades into his service as lead commentator for Sky Sports, the leading UK broadcaster of the English top-flight since its inception in 1992.

To link the Chester-born wordsmith with the pioneering, game-changing nature of Rupert Murdoch's pay TV revolution is an appropriate fit. Both supported each other in the growth of a football product that, rightfully, was to present our domestic league as the very best in the world.

That piece of iconic commentary came on a day when the blue half of Manchester scored two injury-time goals against QPR to wrestle the title away from their city rivals United. Many regard it as being right up there with the sport's other legendary narratives – from Kenneth Wolstenholme's "They think it's all over... it is now" in the 1966 World Cup Final, to Brian Moore's "It's up for grabs now" as Arsenal won the league title with virtually the last kick of the 1988/89 season at Anfield.

Indeed, that spine-tingling commentary is held so dear by the club's fans that many have it painted on walls, or inscribed on body parts – a goal and a string of words that kicked off a football revolution that now sees Manchester City as truly the dominant side in this country.

Tyler has always seen his vocal variations matched with awards – included in these are multiple gongs for Football Supporters' Federation Commentator of the Year Award, plus the much-cherished Premier League Commentator of the Decade.

Away from the satellite giant, he has voiced for Fox SBS (Australia), was the default commentator on the FIFA video game franchise between 2005 and 2022, and has also worked at the Euros and World Cup, having started out at ITV.

While the broadcaster is associated with the very top rung of the professional game, his inherent football passion comes much further down the ladder, given he is a supporter of National League side Woking.

Upon hanging up his microphone, Tyler said: "It's been a privilege to play a small part in the broadcasting history of the greatest league in the world.

"Working alongside wonderful professionals, I thank them for their support and expertise. It's been an honour as a member of a very gifted team."

Tyler, with his mannerisms, his turn of phrase and his presence that could fill the emptiest of front rooms on a Sunday afternoon, will be a hard act to follow, yet Sky Sports commentary is in good hands as Peter Drury takes the hot seat for the new season, starting in August 2023.

# Weird and Wonderful

*festivals around the world*

Summer is the time when crowds flock to music festivals, but did you know there are also a host of weird and wonderful festivals and events that take place throughout the year?

**INTERNATIONAL HAIR FREEZING CONTEST:** In the cold province of Yukon, Canada, the International Hair Freezing Contest takes place every February at the Takhini Hot Springs. With temperatures that reach below -30 degrees Celsius, participants dunk their heads in the hot water of the pools and then create frosty hairdos by shaping their locks as they freeze in the cold air.

**BABY JUMPING FESTIVAL:** Known to the locals as El Colacho, this unusual event takes place in Spain 60 days after Easter during the feast of Corpus Christi. It involves men dressing in traditional 'devilish' clothing to scare the crowd before running down the street and jumping over carefully placed babies.

**WIFE CARRYING WORLD CHAMPIONSHIP:** Fancy carrying your wife around a 253.5-metre track that is riddled with obstacles? Then you need to head to the two-day Wife Carrying World Championship in Finland. A hugely popular annual event that takes place in late June/early July, the winning team is awarded a prize of their wife's weight in beer.

**LA TOMATINA:** You may have heard of this popular Spanish festival that involves A LOT of tomatoes being thrown about the streets of Valencia. Essentially an hour-long tomato fight for the chosen 20,000 participants, this event is held on the last Wednesday in August each year.

**MONKEY BUFFET FESTIVAL:** The Monkey Buffet Festival in Lopburi, Thailand, is, as the name suggests, a buffet for monkeys that takes place annually among the ruins of a temple on the last Sunday of November. The local monkey population in Lopburi is around 2,000-3,000, and all are welcome to the annual feast of fruits, cakes, vegetables and candies.

GREAT BRITISH INTERIOR DESIGNER

# LOUISE BRADLEY

Interior designer Louise Bradley has impeccable taste, and it's no wonder she's sought after all over the world to create stunning designs in properties that range from country houses to overseas villas. Louise started her business in 1991, and is a self-confessed perfectionist with an eye for detail.

**CLASSIC, CONTEMPORARY BEAUTY**  
While her styles are striking and timeless, Louise's spaces are designed to be functional too. Her designs typically feature neutral colours enhanced with darker tones and blacks, with plush fabrics, statement lights and carefully chosen accessories completing the look. Louise's spaces represent a new modern classic style that works in different types of homes, including more traditional homes where the property's original features become elevated with Louise's designs.

**RECREATING LOUISE BRADLEY'S LOOK**  
Some useful tips for recreating this look in your own home include:  
> Keep your layout simple, deciding carefully where furniture should go to help you make the most of the space you have.  
> Choose a muted colour palette that can be enhanced with darker shades to add depth.  
> Dress up the space with cushions and textiles in luxury fabrics. A rug can be a simple way to give a new look to an existing space.  
> Ornate mirrors and statement light fixtures add elegance, and can be an affordable way to dress up your interior if you're willing to shop around.  
  
With looks that are simple yet timeless, Louise Bradley is the ultimate inspiration for contemporary décor that can work in any home.

# Drenched IN COLOUR

YOUR GUIDE TO THE DRENCHING TREND

If you love a little colour, then you're going to love colour drenching. This latest interior craze is helping people utilise their favourite shades and transform spaces to give them a coordinated, striking finish. Check out our simple guide to colour drenching and how to nail the look in your home.

### WHAT IS COLOUR DRENCHING?

Colour drenching means taking one colour and using it in various shades throughout a space. From your walls to ceilings and even your woodwork, using the same colour in a room can be super stylish. It's a bold look – one that can make a big impression.

### HOW TO ACHIEVE THE LOOK

To achieve a colour-drenched look in your home, choose a colour that can be applied to your walls, ceiling, doors and window frames. You can then play around with accessories in the same or similar shades to help you fill out the space.

This is a fantastic way to make the most of any statement furniture items you have. A contrasting piece or artwork can really shine in a colour-drenched room, with the space creating the perfect backdrop.

### WHICH ROOMS WORK BEST?

Colour drenching looks great in spaces like living rooms or dining areas. The less clutter you have, the more effective colour drenching can be. If you have a small space to work with, this can be a good way to create the illusion of a bigger room.

You can opt for light, dark or bold colours with colour drenching, helping to create a range of different effects within your home.

### CHOOSING THE RIGHT COLOURS

When it comes to colour drenching, choosing the right colour is important – you're going to be seeing a lot of it, after all.

Some of the colours that work well for colour drenching include rich shades of navy and green, pink and burgundy. White and neutral shades can also work well, especially when paired with wooden details.

You may want to avoid using pastels like yellow, green and pale blue – the room may look too light without any contrasting features.

### AN EXTRA TIP

Start with a feature wall in your chosen colour to see how it feels. If you like it and like the way the light hits the space, you can start adding to it until your room is sufficiently drenched.

### ALTERNATIVE USES FOR

# TOILET PAPER ROLLS

**D**id you know that the average person uses 100 toilet rolls per year? That's more than 20,000 sheets of paper!

Rather than just throw away the empty rolls, why not put them to better use?

#### TO STORE CORDS

Most households have a whole host of unused cords that are taking up too much space, either in a drawer or, worse, on the floor. Create a simple storage solution by folding a phone charger or other type of cord into a neat stack and then placing it inside a toilet roll tube.

#### TO STORE IMPORTANT DOCUMENTS

Are you always misplacing your birth certificate or car

insurance documents? Keep important documents safe and crease-free by rolling them up and placing them inside a toilet paper tube. You can also store your child's artwork.

#### TO MAKE A FIRE STARTER

Whether you have a wood-burning fire in your home, love to go camping, or like to throw impromptu barbecues, a toilet paper roll makes the process of lighting a fire much easier. Simply stuff a tube with dryer lint, wrap in newspaper and twist at the ends.

#### TO MAKE A DIY PHONE SPEAKER

Like your music loud but don't want to have to buy an expensive speaker? Why not make your own with just a toilet roll? Start by cutting a long, rectangular hole in the tube which is big enough to slip your phone into. Then use drawing pins as feet to stabilise the speaker.

#### TO PREVENT CREASES

If your trousers tend to crease where the fabric folds over the hanger, then you can easily remedy this by cutting a slit lengthwise into two toilet rolls and then sliding them onto a hanger.

# Why is my ORCHID dying?

Growing orchids can be a daunting prospect, even for the most experienced gardener. That being said, when cared for correctly, this beautiful bloom can last between 15 and 20 years.

### Six signs that your orchid is dying

**1** The leaves turn yellow and drop  
While the shedding of leaves is a natural process for almost all plants, if new leaves start to turn yellow or drop off, this indicates that your orchid is getting too much light or water.

**2** The leaves have brown tips  
When the leaves on an orchid turn brown, this means that they are not getting enough moisture and you need to adjust your watering schedule to water your plant more frequently.

**3** The leaves become wrinkled  
Wrinkled leaves are a sure sign of underwatering and, in some cases, the leaves may start to fold in on themselves.

**4** The aerial roots dry up  
If your orchid is not getting enough humidity, its aerial roots may shrivel, become dry and turn brown. If the root is dead, you will need to remove it with a sterilised cutting tool.

**5** The leaves have black or brown spots  
Black or brown spots on leaves are usually caused by sunburn from too much bright light. If this occurs, move your orchid to a more shaded spot.

**6** Your orchid does not bloom  
If your orchid is not blooming, then this is almost definitely owing to poor growing conditions or conditions that are not suited to your particular orchid.

### How to make your orchid live longer

- > Position your orchid in bright but indirect light
- > Water your orchid once a week with room temperature water
- > Keep them in a room where the temperature is between 18 and 29°C
- > Cut away any blooms that have died
- > When not in bloom, give your orchid a 20-20-20 fertiliser which contains 20 per cent nitrogen, 20 per cent phosphorous and 20 per cent potassium.

## LOVE YOUR LEFTOVERS:

### Laminate flooring

If you have just had new laminate flooring installed, then chances are you have a fair amount left over. Rather than let this versatile material go to waste, why not use it to create something beautiful for your home?

#### CREATE A RUSTIC MIRROR OR PHOTO FRAME

If you have a basic mirror or photo frame that is less of a stylish feature and more of an eyesore, this can easily be remedied with a few pieces of laminate flooring. All you need to do is cut them to size and then attach them to your mirror or photo frame using a strong, clear epoxy glue.

#### RESURFACE A TABLE TOP

Give a table top an instant facelift by covering it in your leftover laminate. If you want a rustic look, scuff the laminate using sandpaper or, for a more modern look, prime and then paint in your preferred colour. Add edging for a smoother finish.

#### BUILD A HEADBOARD

If your existing headboard is looking a little worn, why not create a new one using your leftover laminate? First, you will need a piece of plywood as backing, and then just glue spare pieces of laminate onto it before fixing to your bed. Alternatively, why not cover the whole space behind your bed and create a feature wall?

#### MAKE PLANTING BEDS

Laminate flooring planks are weather-resistant and do not deteriorate as quickly as solid wood planks. This means that they are ideal for using in the garden. Simply cut a few pieces to size and use as fence panels to divide sections of your garden for planting beds.

#### INSTALL IN YOUR GARAGE OR LOFT

Make use of any unused space in your home by installing your leftover laminate on your garage or loft floor. Laminate is moisture and temperature resistant, which makes it ideal for these spaces. If you want to use your loft as a living space, you will need to ensure you install a subfloor and underlay first.

# The Renting Rules

HOME & DIY

Tips and tricks from Forward Features on how to make your rented house a home

If you haven't heard of the Forward Features bloggers, it's time to check them out. A fun and insightful look at urban living, it's your go-to for incredible interior design that looks great in any home.

Written by blogging duo David and Mark, Forward Features started as "the journey of two interior geeks trying to find a flat", and now covers everything from design and art to events. But it's their Renting Rules section – full of cool design tips to help renters make their house a home – that's got us hooked right now.

So what are the renting rules you need to know?

### Make a rented space more homely

Rentals tend to favour white or magnolia walls, which can make the space feel cold and impersonal. So David and Mark recommend to add an accent colour. Choose one or two colours to liven things up and create a little depth, using curtains, cushions, coloured vases, or even flower arrangements. You can also add colour and comfort to your sofas with some cosy throws, to help give your home a more personal touch.

### Nail the WFH setup

If working from home has become a long-term arrangement, then you'll need to set up the perfect home office space. In a small house or apartment, this can be difficult, but not impossible. Forward Features recommends keeping things small and compact with multi uses.

Add some decorative touches like vases, photo frames and candles to blend the space with the rest of your decor.

### Personalise your space with art

Art is a simple and affordable way to personalise your space when your options are limited. Use a combination of standing frames and wall art to help bring a touch of colour and style to your home.

Worried about putting things on the wall? David and Mark recommend Command Strips to combat the 'all holes barred' clause that appears in most rental contracts. Now that gallery wall can finally become a possibility.

Making the most of your rental can be difficult, but thanks to Renting Rules, you can get all the inspiration you need to add some personal touches to your space. Check out the blog at [ForwardFeatures.net](http://ForwardFeatures.net)

## School drops from highest Ofsted ranking

Photo credit: Google Maps

A secondary school in Billericay that was previously rated as Outstanding by Ofsted has now been told by inspectors that it Requires Improvement.

The new report, published on June 15, detailed an inspection of Mayflower High School that took place between March 28 and 29.

The areas of quality of education, behaviour and attitudes, and leadership and management were rated as Requires Improvement. Personal development and Sixth Form provision were rated as Good.

The report states: "The school has been through a very unsettled period of time. This has contributed significantly towards the loss of parental trust and confidence in the school."

The report added that since the previous inspection in 2016, there have been many staffing changes, including the appointment of an interim headteacher.

Other issues that were described in the report included punctuality and lack of understanding of the behaviour policy.

However, the school was praised for its safeguarding, having well-designed curriculum plans, and the happiness of pupils, among other things.

Mayflower High School has been contacted for comment.

## MP given CBE in King's first Birthday Honours

John Baron, MP for Basildon and Billericay, has been appointed as a Commander of the Most Excellent Order of the British Empire (CBE).

Mr Baron MP, who has been the MP for the area since 2001, was granted the CBE as part of His

Majesty King Charles III's first-ever Birthday Honours List, announced on Sunday, June 18.

Mr Baron MP said: "I am very honoured to be recognised in this way. I have thoroughly enjoyed serving my constituency for more than 20 years.

"However, the MP is only the most visible part of a hard-working team, so my enormous thanks go to all my staff members, past and present, who have contributed to our work since I was first elected.

"This honour is very much for them too, as well as all those who have been supportive in the constituency.

"Finally, I also thank my own family for being so supportive. I would not have been granted this very special honour without their assistance and care."

## Pastors to patrol railways to help the vulnerable

After an absence of nearly three years, Railway Pastors will once again patrol at Shenfield Station to help those who are vulnerable or distressed.

The initiative, which first began on the Shenfield to Colchester route in 2018, is returning after a break owing to the COVID-19 pandemic. It will take place across the entire Greater Anglia railway network.

The pastors, wearing bright blue uniforms, will visit stations and board trains throughout the day and into the evening. Their aim is to help those who are vulnerable, distressed or in need of assistance.

The programme is run by the Ascension Trust, in partnership with the British Transport Police, train operators, Network Rail and the Samaritans.

Rail Pastor Phil Norton (pictured below, third from right) said: "We have enjoyed patrolling the railway in Essex and we are very pleased to be back again to help those in need."

## BURGHART for BRENTWOOD

Alex Burghart MP for Brentwood and Ongar

LOCAL NEWS

St Peter's Church on Cloughton Way in Hutton is a true community hub, with its thoroughly inclusive Daily Bread Café, gardening and knitting groups and food bank, in addition to the services and worship any local church brings to its congregation.

Barclays Bank has now joined the hub, following the closure of its premises on Shenfield High Street. Like so many high street banks, Barclays found the number of customers coming in for face-to-face banking has reduced significantly in the last decade. The new Barclays Local service is designed to provide easy access for customers with digital and complex banking needs, with local colleagues on hand at St Peter's from 9am to 5pm on Tuesdays and Wednesdays to offer face-to-face financial support and education for customers, without the need to travel.

While it is a shame to have lost the former banking facilities, I appreciate that fewer and fewer people were using them as more customers decided to bank online. However, I am delighted Barclays has identified

the needs of some customers who prefer to get their banking advice face to face and not online, and I am sure this new facility at St Peter's Church will be very helpful. Having the banking advice service taking place while the popular Daily Bread Café is running should work well, and makes the service very accessible.

Ian Lovelock, Barclays deputy customer care director (pictured second from left), said: "We're delighted to launch the replacement banking service here in Hutton. This represents our commitment to customers and the local community who wish to continue to have an in-person banking presence by offering the ability to visit Barclays on their local high street, albeit in a different environment."

Customers visiting the centre will be able to access a wide range of services, including financial reviews, balance requests, opening new accounts and support with digital banking. As St Peter's Church is a cashless site, everyday banking transactions will need to be completed at the local Post Office.

# Heavyweight promoter stays true to his roots

Photo credit: Gary Carr/INPHO/Shutterstock

The man who runs rings around the world's best boxers, Eddie Hearn is undoubtedly one of Brentwood's finest sporting exports, even if his activities, primarily across boxing, rarely see him break into a sweat.

Hearn, who attended the private Brentwood School before heading to Havering College in Hornchurch, is the son of Barry Hearn and therefore comes from solid boxing promoter stock. Yet over the past decade, Eddie has truly stepped out of his father's shadow.

Hearn's first foray into boxing promotion came in 2004, when he used Brentwood as the base for his first sporting event. The showcase featured a number of up-and-coming boxers, and enabled him to begin to build his reputation.

He has gone on to work with some of the biggest names in the sport, including Anthony Joshua OBE, Dillian Whyte and Kell Brook. He has also promoted numerous world champions, including Carl Froch MBE, Tony Bellew and Katie Taylor, as well as dabbling in management for poker, snooker and darts.

Hearn, who now lives in Billericay with his wife Chloe and their two daughters, is known for his flamboyant personality and an ability to promote fights in a way that generates excitement and interest from fans. He is a master of social media, using Twitter and Instagram to engage with fans and promote his fighters, both male and female.

Despite his success, Hearn is not without his critics. Some boxing fans accuse him of having too much control over the sport, and have questioned his decision to work with streaming service DAZN. This is despite the fact that the multi-million-pound deal disrupted the traditional pay-per-view model, making elite boxing more accessible to fans around the world.

The promoter's biggest fight was the heavyweight rematch between Anthony Joshua OBE and Andy Ruiz Jr, which was held in Saudi Arabia in 2019; yet more recently he brilliantly traded verbal punches with Simon Jordan on talkSPORT.

Hearn's success in boxing has given him an estimated worth of more than £100million, yet he remains fiercely loyal to his Essex roots.

# SECURE

*your canine!*

If your pooch loves lolling their head out of a car window, you could be breaking the law.

It's common knowledge that dogs love to hang their furry heads outside car windows in order to absorb all the fragrant wonders of the world passing by, yet did you know that this could actually be breaking the law?

It is a legal requirement as part of the Highway Code to secure a dog – or any other small animal – in a car when driving to prevent them from causing an accident. This is because they could block your vision, jump in the footwell and stop you braking, or generally distract you with their fluffy cuteness.

In the event that an animal is believed to have caused an accident, the driver of the vehicle can face a fine of up to £5,000 and could receive points on their licence. Worse still, it could also invalidate both your car AND pet insurance – meaning no financial help for Fido should they get hurt.

Mark Tongue, of Select Car Leasing, said: "We'd recommend you don't let your dog

stick its head out of the window.

"Not only does that potentially illustrate that the animal is not restrained properly, but there's also the obvious risk of its head coming into contact with something, like a bush or a tree, resulting in a bad injury. And make no mistake – if you don't have your dog properly restrained, and it's causing distraction, you could be prosecuted by the law.

"Don't take the risk. Make sure both you and your pooch are buckled up properly."

In other words, next time your four-legged friend feels like catching the breeze, make sure you've invested in a dog-friendly harness, or risk finding yourself in the doghouse.

# Camilla

## THE QUEEN UNVEILED

Fifty years ago this month, Camilla Shand married Andrew Parker Bowles OBE and embarked on what seemed like a conventional life. However, fate had different plans in store.

Her Majesty Queen Camilla first met His Majesty King Charles III in the early 1970s. After a period of dating, they separated. Charles joined the Royal Navy. Camilla married Andrew – her on-off boyfriend of several years – and in 1981, Charles married Lady Diana Spencer.

It's believed that Charles and Camilla rekindled their romance in the late 1980s, though the exact timeline isn't certain. There were rumours, of course, but their affair only became public in 1993, when the press leaked transcripts of the couple's intimate phone conversations. Now more than ever, people blamed Camilla for the breakdown of Charles' marriage.

In the aftermath of the revelations, Camilla shut herself away to avoid the press. Charles admitted their affair on television, and Camilla's husband asked for a divorce.

But despite the challenges, Charles was already paving the way for a future with the woman he loved. In 1996, he and Diana divorced. But a year later, tragedy struck with Diana's untimely death in a car accident. For months afterwards, Camilla kept a low profile. But gradually, Charles introduced her to the public. Despite ongoing criticism, Camilla's positive impact on Charles soon became evident, and more people began to accept their relationship.

The pivotal moment happened in June 2000 when Camilla had a private lunch with Her late Majesty Queen Elizabeth II. In 2003, Camilla moved into Charles' home. In 2005, they announced their engagement and they married later that year. Camilla immersed herself in charity work, gaining admiration from various sources, including the Queen.

Last September, shortly before her passing, the late HM Queen Elizabeth II endorsed Camilla as Queen Consort rather than Princess Consort. And in May this year, King Charles III and Queen Camilla were officially crowned, side by side at Westminster Abbey.

### DID YOU KNOW?

- ▶ Earth isn't actually perfectly round. Earth's rotation causes the planet to bulge at the equator and flatten at the poles.
- ▶ Coral reefs are Planet Earth's largest living structure. These underwater ecosystems are made up of colonies of tiny animals called coral polyps, which build calcium carbonate skeletons that accumulate over time and form the complex structures we know as coral reefs.
- ▶ The Earth's interior is not solid, but rather has a semi-solid or 'squishy' consistency owing to the extremely high temperatures and pressures.
- ▶ The Earth's diameter (the distance straight through the middle) measures a massive 12,800 kilometres, which makes it the fifth largest planet in the solar system.

### WORD LADDER

THE AIM: Change the word at the top of the ladder one letter at a time to make the word at the bottom.

HOW TO: Change one letter on each step to make a new word. By the time you reach the end, you should have created the new word.

DO NOT rearrange the order of the letters.

TIP: There is usually more than one way to solve this puzzle.

# COMER CHAMELEON

**The changing mode of Jodie Comer, and why, in the face of her recent Tony Award win, the British actress's career will surely only continue to ascend.**

In the pantheon of British acting royalty, Jodie Comer's journey has been gradual, yet dramatic. The 30-year-old actress has worked her way up through the slightly clichéd ranks, with the usual spread of appearances in TV staples such as *Holby City*, *Waterloo Road* and *Doctors*. Lead-character presence in *Thirteen* and *The White Princess* saw the Liverpoolian build on her early success, with widespread attention on both sides of the Atlantic finally arriving as a result of her portrayal of assassin Villanelle in the BBC drama *Killing Eve*.

Comer's appeal is obvious; she possesses distinctive flair and undeniable talent, with an ability to switch between comedy and drama, romantic segments and thriller sequences.

And nowhere better has that versatility been shown than in her recent triumph at the 2023 Tony Awards, where she garnered the Best Leading Actress accolade for her tour-de-force performance in the Broadway show *Prima Facie*.

"I've never been one to pin everything I do on the idea of winning awards," she begins, "as I believe there is so much good stuff that goes unnoticed. And really, the success or failure of a project is something that only really I can decide upon."

"That said, when recognition comes along, especially with something this big, and in an environment on stage that is a diversion from what I have been doing, it does mean so much to me and I am so grateful."

Comer wouldn't be able to achieve what she has without the eclectic blend of strength, charm and emotional vulnerability that she brings to every role. She is visually striking and phonetically exacting, and with these tools, she manages to engage an audience in a way that few actresses of her age can.

"Drama is about sharing an emotion," she says. "It's not a one-way street – the task is to envelop everyone around you in a character and a feeling."

Comer's journey to the top, while impressive, has been linear. That's what makes the Tony Award her biggest achievement yet – for the fact she stepped out, alone, looking to impress not just those at home, but the fiercely demanding New York Broadway crowd too.

The show, a one-woman play, tells the story of a lawyer who defends men in sexual assault cases, though finds the script flipped when she herself becomes the victim of a sexual assault. The play was also a hit in the West End, with a successful run at the Harold Pinter Theatre.

Beyond the stage, Comer's cinematic work is equally noteworthy. Her role in the upcoming survival film *The End We Start From*, co-starring Benedict Cumberbatch CBE, is eagerly anticipated.

"For me, it's about continuing to move forward – to try new things and to work with new people. I am flattered when I get cast alongside some real heavyweights of the industry, and it is a struggle to feel worthy, at times."

Perhaps that's what makes Comer so popular – a sense of humility and down-to-earth persona. Despite her fame, she remains a humble Liverpoolian who loves her craft and respects her audience.

# COME AND DISCOVER SOME FRESH NEW TASTES AND FABULOUS ENTERTAINMENT AT THE 3rd ANNUAL BILLERICAY FOOD & DRINK FESTIVAL

## 23rd JULY AT BILLERICAY TOWN FOOTBALL CLUB

The Billericay Food & Drink Festival is back for a third year on Sunday 23rd July from 11am to 5pm at the Billericay Town Football Club: one of the county's premier grounds that recently hosted FIFA under 18 boys International and saw 1000s flock to see Jordan North present A Place on the Plane as part of Ant & Dec's Saturday Night Takeaway.

Now following on from last year's successful event, despite it being the hottest day of the year, this fun family day is back and bigger than ever with more stands, more local entertainment and more freebies – just what we want this summer!

The idea to hold the event sprung from the great amount of local food and drink pop ups and innovative businesses that developed during the pandemic serving the local community with organisers Abby and Jodi Knight of Great Idea Events seeing a real opportunity to showcase all the local talent under one roof.

With around 1,500 visitors enjoying the sunshine last summer, this year you can discover a world of locally sourced and produced food and drink plus meet the people behind some of our favourite eateries and local brands. There are over 50 stands including Field Of Cheese, Andrews Caribbean Catering, The Phoenix Smokery, Wrapstars Mexican tacos and wraps, Dori Bakes, Taste of Naples Pizza and Giggly Pig Hog Roast and sausages. Outside entertaining ideas come from Extra Events Essex and Sisters with Sparkle igloo hire.

Lava Spirits, The Only Way is Gin, Tippy Grey, The Roasted Martini and Billericay Brewing Company are just a few of the many drink companies at the event, there will also be cocktails and prosecco to enjoy on the day.

Organisers Abby and Jodi wanted to keep all the businesses really local so guests can go on enjoying the produce and venues,

including The Beauvoir Arms Italian Bar & Kitchen and Billericay Brewing and are pleased to announce local estate agents Stanton Hockett as main sponsor and thank the team at Billericay Town FC for its continued support.

Entertainment on the day will include popular Essex duo Generation: Amber Atkinson and Mike Yarrow, Rainbow Dayz face painter and a charity football match organised by Stanton Hockett supporting Prostate UK with half time entertainment from cheerleaders The Tilbury Majorettes.

There will be lots of great giveaways on the day from our national suppliers: Love Corn, ZENB, Plantain Crisps and Pulsin protein company.

# THIRST

Water plays a crucial role in our daily wellbeing. From quenching our thirst to fuelling essential bodily functions, staying hydrated is vital. But many of us find it hard to drink enough water or don't know how much we need. If that's you, here are some practical ways to keep hydrated.

**HOW MUCH IS ENOUGH?**

According to the government's Eatwell Guide, we should consume 1.5 to 2 litres of fluid per day— more if we're exercising or when the weather's hot. Some experts say we should drink more than that, but it's a helpful starting point.

**DOES IT HAVE TO BE WATER?**

No, it doesn't. Lower-fat milk and sugar-free drinks, including tea and coffee, all count. But caffeinated drinks can have a diuretic effect (increasing urine output), and sugar-free drinks can harm tooth enamel. So only rely on these drinks for some of your fluid intake.

**TOP TIPS:**

- ◆ Kickstart your hydration by drinking a glass of water first thing in the morning after you've woken up.
- ◆ If you don't like plain water, try infusing it with citrus fruit slices, berries or cucumber – or opt for herbal teas.
- ◆ Carry a bottle of water around with you so you can sip water on the go, whatever you're doing.
- ◆ Make drinking water a habit throughout the day – for example, before each meal or after you've been to the loo.
- ◆ Treat yourself to a smart water bottle or one with times and measurements written on it. Alternatively, download a reminder app, or set alarms or calendar alerts on your phone, to remind yourself to drink.
- ◆ Choose a water bottle, cup or glass that you like – it's easier to drink out of something you find visually appealing.
- ◆ Eat plenty of water-filled foods like fresh fruit and vegetables – they're hydrating as well as being nutritious. Watermelon, cucumber and oranges are all excellent choices.

# Robust Rosemary

A hardy herb that will grow with abandon once established, rosemary has a long history of culinary, aromatic and medicinal uses.

### WHAT ARE THE HEALTH BENEFITS OF ROSEMARY?

- > A rich source of antioxidants and anti-inflammatory compounds
- > Improves digestion and helps to treat indigestion
- > Enhances memory and concentration
- > Relieves stress and anxiety
- > Protects against cancer
- > Contains carnosic acid which can protect the brain
- > May be able to help prevent Alzheimer's.

### HOW TO USE ROSEMARY IN THE KITCHEN

#### Rosemary salt

To create a rosemary-infused salt, fill a cup with rosemary leaves pulled from the stem and place in a bowl with 3 cups of salt. Stir together, cover and leave to sit for 2-3 weeks.

#### Rosemary oil

To make rosemary-infused oil, pour 2 cups of olive oil into a small pan and allow to simmer. Remove from the heat and add 3-4 dry sprigs of rosemary. Pour into a sterilised jar and cover with a lid.

#### Rosemary sugar syrup

Rosemary sugar syrup can be drizzled over cakes, yogurt or fresh fruit for a sweet and fragrant twist. Bring 1 cup of water to the boil and add 2 cups of sugar and 3-4 sprigs of rosemary. Once the sugar has dissolved, remove from the heat and take out the rosemary. Pour into a sterilised jar.

#### Rosemary lemonade

To make refreshing rosemary lemonade, simply bring 2½ cups of sugar to a boil, remove from the heat and add 9 sprigs of rosemary. Leave to steep for 30 minutes and strain. Add ½ cup of fresh lemon juice and 4 cups of cold water. Chill and serve over ice on its own or with your favourite gin.

#### Rosemary butter

Soften a stick of butter (but don't melt it) and blend with rosemary leaves that have been removed from the stem and diced into small pieces. Slather on crackers, bread, meat or fish.

# GET SEATING savvy

With the right seating, you can transform your outdoor space into a comfortable and stylish retreat, whether you've got a simple balcony or something much grander.

**GO SCANDI:** One popular style for outdoor seating is the Scandinavian look, which often features slim wooden frames. This style embraces simplicity and minimalist designs, and is perfect if you're after something timeless and understated. Pair your Scandi seating with outdoor rugs for a relaxed and laid-back vibe.

**EMBRACE INDUSTRIAL CHIC:** If you prefer a more edgy vibe, consider industrial-inspired furniture. Look for dark metal frames and sleek designs, and choose metal planters and modern outdoor lighting to complete the look. Industrial seating is ideal for those who appreciate a modern and urban atmosphere.

**OPT FOR COUNTRY HOUSE CHARM:** If you're after a touch of elegance with a country house feel, look out for rattan lounge sets or daybeds. This furniture blends into the natural landscape beautifully – particularly if you add some terracotta pots and troughs – and evokes a timeless country scene. If you want to go green, choose eco-rattan, a weather-proof rattan lookalike made from recycled plastics.

**CREATE A BEACHY PARADISE:** For a relaxing holiday resort atmosphere, choose wooden suites you can relax into. With some mood-enhancing lighting and a solar lantern, you'll be transported to a beachy paradise, wherever you are. And if you want to complete the look, why not add a fringed parasol?

**CHOOSE CAFÉ-STYLE CHIC:** Indulge in the enchanting ambiance of an outdoor café with a budget-friendly bistro set. Ideal for small spaces, these sets are available in various materials, including metal, plastic and wood. Enhance the charm by adding a couple of plants, and voila! Your space becomes the perfect spot for dining al fresco.

# PETAL PERFECTION

Are you planning to throw confetti at your wedding? Then you need to know about petal confetti, also known as biodegradable confetti, and how it can help make your big day both stylish and sustainable.

## WHY IS CONFETTI THROWN AT WEDDINGS?

The tradition of throwing confetti at weddings dates back to the Middle Ages, and is used to say congratulations to the happy couple and wish them a lifetime of luck and happiness.

## WHAT IS PETAL CONFETTI?

Petal confetti, as the name suggests, is confetti that is made out of real flowers rather than plastic, metal or paper. It is 100 per cent biodegradable, affordable and makes a stunning addition to any style of wedding. You can create bespoke petal confetti mixes or you can order pre-mixed bags online from companies such as Shropshire Petals and Pretty Petals. There is also a confetti field in Pershore, Worcestershire, where you can

carry out pre-wedding photoshoots and purchase petals.

## WHAT ARE THE BEST FLOWERS FOR PETAL CONFETTI?

There are many different flowers to choose from for your eco-friendly wedding confetti, with some of the most popular options including delphiniums, wildflowers, roses and hydrangeas. In particular, delphinium petals make wonderful confetti as they are small and delicate. It is worth noting that delphiniums and hydrangeas are harmful to dogs, so if you have any four-legged friends attending your wedding, then rose petals and lavender make a fragrant alternative.

## OTHER WAYS TO USE PETAL CONFETTI

As well as being used for beautiful confetti, there are other ways in which you can use petals to make your big day just that bit more special:

- > Create a petal aisle for the bride to walk down
- > Flower girls and boys can scatter petals down the aisle
- > Place piles of petals around other decorations
- > Decorate your wedding tables.

# KNOW YOUR CHORES

**W**ould you like your children to start helping out around the house, but are unsure of what they should be doing? Use this guide to age-appropriate chores and create the ultimate chore calendar for your family.

**AGES 2 AND 3:** Most toddlers love to help their parents with chores, although their help may not actually be that helpful! Although you will be needed every step of the way, the below chores are a good place to start with this age group:  
 Making their bed | Picking up their toys | Helping to feed pets | Helping to wipe up spills

**AGES 4 AND 5:** Preschool-aged children should still be fairly motivated to help and love one-on-one time with adults. Suitable chores include:  
 Clearing and setting the table | Dusting | Making

their beds independently | Helping to tidy their room

**AGES 6 TO 8:** School-aged children are more independent and can keep track of their responsibilities. Chores you may want to entrust to them include:

Washing small plates and bowls | Helping to care for pets | Taking out the rubbish | Sweeping or mopping | Making their own breakfast or snacks | Tidying their room

**AGES 9 TO 12:** At this age, you can set a schedule and expectations when it comes to help in the home. Chores they are able to take on include:

Helping to wash the car | Learning to load and unload the dishwasher | Cleaning the bathroom | Operating the washing machine | Helping to prepare simple meals

**AGES 13 TO 18:** Most teenagers are capable of handling any household chore as long as they have been taught how to do it properly. Depending on their school commitments and schedule, tasks you may like to delegate include:

Vacuuming | Doing their own laundry | Cleaning out the fridge | Preparing family meals | Ironing clothes | Mowing the lawn | Caring for pets.

# Never-ending NAIL POLISH

## TOP TIPS TO STOP YOUR NAIL POLISH CHIPPING AND TO MAKE IT LAST LONGER

**D**o you wish your nails would stay chip-free for longer? Or maybe your favourite nail polishes start to become tacky before you've even used half the bottle? Either way, these tips are just what you need.

### HOW TO MAKE YOUR NAIL POLISH LAST LONGER

**Keep your nails short:** Although you may covet long nails, the sad truth is that these are much more likely to break, chip and peel.

**Buff your nails:** Before applying nail polish, buff your nails using a glass or crystal file. Avoid harsh emery files which can damage the nails.

**Choose the right top coat:** Look for a top coat nail polish that boasts chip-resistance, protection and strengthening properties.

**Always apply a base coat:** The base coat is equally as important as the top coat, although this is a step that many skip. Use a strong base coat for best results.

**Reapply the top coat:** A top coat is not a set-and-forget type of application and needs to be reapplied once every two to three days to ensure the preservation of your manicure.

**Wear gloves:** Always wear gloves to protect your hands from water, chemical cleaners and any heavy-duty work.

### HOW TO MAKE NAIL POLISH LAST LONGER IN THE BOTTLE

**Store it in a cool place:** Store your nail polishes in a dark cupboard or drawer. You can even keep them in the fridge.

**Invest in nail thinning lacquer:** A good-quality nail thinning lacquer can be added to nail polish that has started to thicken in consistency or dry out.

**Keep the cap on tight:** Every time you use a nail polish, make sure you screw the cap back on tightly as this will ensure that no air gets in and dries it out.

**Keep out of direct sunlight:** Extreme warmth on the bottle can cause the polish to thicken or dry out, as well as lead to discolouration.

# SMILE HQ

## Exceptional Dentistry

### A Brand New Smile in One Day?

From the outside, Brentwood High Street's SmileHQ looks more like a boutique hotel than a dental practice.

Inside, owner Dr Vishal Patel and a highly skilled team of dental surgeons provide a treatment that transforms much more than just smiles.

The clinic is earning rave reviews for its Same-Day Teeth treatment—a life-changing procedure that gives patients a brand-new replacement smile in just one day.

**Dr Vishal and the SmileHQ team are now offering an exclusive 10% discount on the procedure, which could save VISION Magazine readers up to £2,060.**

### Life Without Smiles

Life without a complete set of teeth isn't just an oral health challenge, says Dr Vishal. "While it sounds trivial, the problem of loose or missing teeth and poorly fitting dentures can be a real blight on lives.

"These conditions prevent patients from

eating their favourite foods and getting the balanced diet they need. It can also be a constant drain on confidence that leaves people feeling afraid to smile."

### The Same-Day Solution

In the past, the only option for patients with missing teeth was removable dentures or implanted teeth.

However, dentures often leave wearers facing problems with eating and speaking clearly, while implant surgery is a lengthy process leaving patients without functional teeth during recovery.

SmileHQ's Same-Day Teeth changes this – reversing even the most extreme effects of failing oral health and tooth loss in a single day.

The procedure uses state-of-the-art dental implants to replace loose or missing teeth, so it's also perfect for those who live with the daily inconvenience of dentures.

Results are such a dramatic improvement that Same Day Teeth are often life-changing for SmileHQ patients, says Vishal: "The changes we see in patients after receiving their brand new smiles aren't just cosmetic. For many, it represents

a new lease of life, with improved confidence, a more youthful look and radically improved dental function."

### The Science of Same-Day Smiles

Same Day Teeth technology uses a series of strong titanium implants as a substitute root for the replacement teeth. Where traditional

methods require 6-10 implants per jaw and a lengthy recovery time, Same Day Teeth uses just four for a completely new arch of teeth.

Crucially, this means patients can walk into the practice with no teeth and leave the same day with a brand-new smile.

### Trust SmileHQ's Same-Day Experts

Dr Vishal and the SmileHQ team have successfully placed thousands of same-day implants and also have extensive experience

in advanced implant techniques, including bone grafting and sinus lifts.

His team is offering an exclusive 10% off the treatment for Vision Magazine readers throughout July, August and September.

BRITAIN'S GREATEST SPORTING MOMENTS...

# BOTHAM'S ASHES

This month, we look back at one of the most significant events in British sporting history, when Lord Ian Botham OBE single-handedly derailed the Australian Ashes machine.

It's rare to find a sporting event named after one person, let alone a whole series, yet July sees the celebration of more than four decades of the term Botham's Ashes – a tribute to a one-man masterclass that turned a dramatic series of matches on its head.

Australia came to England in the summer of 1981 keen to win back the urn, and in a low-scoring first Test at Trent Bridge, they bowled the hosts out for 185 and 125 to seize the initiative.

The second Test was drawn, and the Aussies looked to be coasting to success in the third, at Headingley, as they clocked up 401/9, before skittling England out for just 174. Lord Botham's half-century appeared little more than a consolation, and while a follow-on total of 356 (with the talismanic former footballer 149 not out) had the hosts ahead, it

seemed inevitable that Australia would put away the chase target of 129 very easily.

Only once previously in Test history had a team won after following on, yet the Aussies reckoned without Bob Willis MBE's devastating eight wickets for just 43 runs with the ball, and collapsed to 111 all out, allowing England to level the series.

Past that point, it was a Lord Botham masterclass – he took five wickets in the second innings in the fourth Test at Edgbaston with the Aussies requiring just 150 to win; then bagged a century at Old Trafford as England went 2-1 up. It was his third successive Man of the Match performance.

And in a sixth Test at The Oval, another century from 'Beefy' wrapped up a 3-1 Ashes victory.

From a position of apparent hopelessness, Lord Botham's courage, bullshness, power and fortitude guided England to a sensational series win.

## GREENWOODS HOTEL & SPA ARE EXCITED TO ANNOUNCE OUR BRAND NEW AESTHETICS TREATMENTS

The rise of the 'tweakment' has been one of the most important and, thankfully positive, things to come out of the pandemic. Whether it was having more time to analyse our skin or coming face to face with ourselves on Zoom calls day in day out, according to leading aesthetics expert and author Alice Hart Davis, tweakments, the art of enhancing your looks with subtle treatments that improve the quality of skin and inject youth-boosting radiance is the way forward for summer 2023.

Now, award winning Greenwoods Hotel & Spa, in Stock, Essex, is pleased to be able to offer some of the UK's finest treatments at the newly launched Greenwoods Aesthetics, a stylish and discreet clinic that's open seven days a week.

As well as dermal fillers that can be used to boost volume around the lips, eyes and cheek and rejuvenating dermaplaning and microneedling facials treatments, you can also visit Greenwoods Aesthetics for one of the latest energy boosting vitamin B shots, for a pre-holiday boost.

Spa manager Demi Murphy explains: 'Microneedling can help improve the appearance and texture of your skin. It can minimize stretch marks, scars, wrinkles and other skin concerns. It doesn't carry the risk of skin discoloration, unlike some facial rejuvenation procedures that use heat, light or lasers. And it delivers real long lasting results!'

The team at Greenwoods Aesthetics are fully qualified and have years of beauty experience and expertise at their fingertips!

Located in the multi-award winning Spa that already offers a wide range of massage and facial treatments including Medik8 facials, one of the most popular facials for reversing signs of ageing and improving skin quality.

Demi Murphy adds: 'Whether you are looking for a new and friendly environment to have your treatments or simply want to find out more about how these kind of high tech treatments can help you look better this summer, together with Charlie Murphy and the rest of the team, we offer an

in-depth consultation to help you decide on the treatment that will work for you best and deliver the results you want this summer!'

10,000  
a day!

HEALTH & FITNESS

No, not 10k in money but 10k in steps! According to a 2017 study, completing 10,000 steps a day is just as effective as doing five 30-minute workouts a week.

Here are a few more reasons why you should be clocking up some serious mileage.

**To strengthen your heart**

If you walk 10,000 steps per day, you will have a larger stroke volume than someone who only walks 1,000 steps a day. Your stroke volume refers to how much blood the heart beats per minute, with a larger stroke volume being a sign of greater aerobic capacity and better heart health.

**To lose weight**

Walking is a great form of aerobic exercise, especially if you walk briskly. This can help you to lose weight when combined with a healthy and balanced diet. Furthermore, you will store less fat than an inactive person and be better able to handle periods of excess, such as Christmas, without gaining too much weight.

**To stabilise your blood sugar**

People who walk 10,000 steps per day will have a much lower glucose and insulin response in their blood after eating a meal than someone who is inactive. This means that you are less likely to develop type 2 diabetes in the future.

**To improve cognitive function**

Daily moderate exercise such as walking has been shown to improve one's ability to learn new tasks, grow new brain cells and stave off cognitive decline. Aerobic exercise may also be able to stimulate new cell growth in the hippocampus, which is the part of the brain responsible for emotion and memory.

**To reinforce healthy habits**

It takes time to develop new habits, but sometimes all it takes is one small commitment to act as a catalyst for change. Start with small increases to your overall step count, before gradually increasing to 10,000 steps per day.

# FEEL THE FOAM

If you are into fitness, then you need to know about foam rollers and how to use them. Predominantly designed to help with the recovery of injured muscles, they can also be used as part of your warm-up and cool-down routines to great effect.

### WHY USE A FOAM ROLLER?

- To alleviate muscle soreness
- To reduce inflammation
- To aid muscle repair and recovery
- To help prevent injuries
- To increase blood flow
- To improve mobility
- To smooth the appearance of the skin
- To promote relaxation

### WHERE ON THE BODY CAN YOU USE A FOAM ROLLER?

You can use a foam roller on your quads, hip flexors,

calves, lats, hamstrings, IT band (the connective tissues that run along your outer thigh from the hip to the knee), the upper back and shoulders, as well as the neck area.

### WHEN SHOULD YOU USE A FOAM ROLLER?

You can use a foam roller either before or after a workout. Using a foam roller before working out can help to loosen up your muscles and allow for more efficient movement. Applying a foam roller after a workout can help to reduce muscle soreness and reduce recovery time.

### HOW SHOULD YOU USE A FOAM ROLLER?

If you are new to using a foam roller, then be warned that foam rolling can be slightly painful. This is particularly true if you are using it on an area where the muscle or tissue is tight and in need of some TLC.

To use a foam roller for the first time:

- Pinpoint the sore or tight area of your muscle.
- Control your body as you slowly lower the targeted area, so it is centred above the roller.
- Lower your body onto the roller until you reach a point of discomfort.
  - Hold it there for 20-30 seconds.
  - You can roll the foam roller slowly back and forth to further stimulate the area.

# CONVERSE *cleaning*

If your Converse trainers are looking more grimy than gleaming, then you will be pleased to hear that this type of footwear is relatively easy to clean.

All you need is a few simple ingredients and a little bit of elbow grease.

### WHAT YOU WILL NEED:

Baking soda | Toothpaste | Washing-up liquid | Stain remover | Water | A sponge | A nail brush and toothbrush | Cloths | Newspaper

### HOW TO CLEAN:

#### STEP 1: Cleaning the laces

Remove the laces from your Converse and then create a cleaning solution using 50ml of washing-up liquid, 1 tbsp toothpaste, 1tbsp baking soda and 200ml of warm water. Soak the laces for two to three hours and then hang to dry.

#### STEP 2: Cleaning the shoe

Stuff each shoe with newspaper and generously apply toothpaste to the shoe using a toothbrush. Leave for 15 minutes. Wash off all the toothpaste using a nail brush and warm water, then leave to dry

in a warm place. Never apply direct heat to your Converse trainers.

#### STEP 3: Removing tough stains

For any stubborn stains, apply stain remover directly to the affected area. Leave for five to 10 minutes and then wash off using a nail brush. Leave in a warm place to dry. It can be a good idea to test your stain remover on a section of the shoe that is not visible first, such as the outer edge of the tongue.

NB: You should never machine wash or dry Converse trainers as this can damage the shoes.

#### How to keep white Converse white

If you have recently purchased a pair of white Converse trainers, spray them with a water and stain repellent spray before you wear them. When a stain occurs, spot clean immediately with an equal mix of warm water and washing-up liquid.

# BRA 101: style guide

Did you know that the average woman owns between nine and 12 bras? However, the majority purchase the same type of bra time and time again.

If this sounds familiar, maybe it's time to branch out and try a different style?

### Balconette bra

A popular shape that provides a rounded look and great support, this type of bra offers less coverage than a full cup style. With wider straps, a balconette bra is not the best choice for women with narrow shoulders. However, it is perfect for any occasion where you want to achieve great cleavage.

### Plunge bra

Offering less coverage but plenty of support, a plunge bra is best worn with low-cut outfits. A good choice for women with a fuller chest who are looking for a comfy yet sexy bra.

### Full cup bra

As the name suggests, a full cup bra provides all-over coverage and support. The straps tend to be closer-set, making them ideal for women who have narrow shoulders.

### T-shirt bra

Available with padded or non-padded cups, every woman should own at least one t-shirt bra. Offering a seamlessly smooth silhouette, this style of bra is designed to be worn under tight-fitting tops but can be worn with almost anything.

### Strapless bra

Having come a long way in their design, strapless bras are now a feasible option for small- and large-chested women alike. Created to prevent slipping, strapless bras give you the freedom to wear whatever you want without any straps on show.

### Sports bra

Providing maximum hold and minimum movement, sports bras are usually made of non-stretch fabric designed to beat the bounce.

# LOVE PARKS Week

Love Parks Week is an annual event that gives people across the country the chance to shout about their favourite green spaces. It takes place between July 28 and August 4 this year. Here are some of the best national parks the UK has to offer.

### NEW FOREST: Best for nature lovers

One of the largest areas of woodlands in southern England, the New Forest is a great park to visit all year round. In spring, head to Clayhill Heath to stroll through a sea of bluebells, and in summer, look out for forest pony foals outside Beaulieu and Brockenhurst. Later in the year, don't miss the free-roaming pigs that are let loose to scavenge acorns.

### SOUTH DOWNS: Best for long-distance walks

The newest UK national park, South Downs boasts rolling hills and stunning views down to the Weald and out to the Channel. The impressive 100-mile South Downs Way covers the entire park from Winchester Cathedral to the beach at Eastbourne, making it a must-do experience for hiking enthusiasts.

### EXMOOR: Best for isolation

One of the least visited national parks in the UK, Exmoor is the perfect place for those who want to seek solace. Offering wild moorlands, rocky ravines and breath-taking coastal cliffs, Exmoor is also home to a population of wild ponies who wander around its expansive landscape.

### DARTMOOR: Best for camping

If you fancy experiencing the freedom of wild camping, then this is the national park for you. You can just pitch up and explore Devon's wondrous moorlands – the only national park in the UK where this is permitted. Ideal for families, some of the most popular spots are Haytor and Hound Tor or, for adventure seekers, head out to the remote Fur Tor.

# The IDEAS MAN

**RORY SUTHERLAND, AUTHOR OF *ALCHEMY: THE SURPRISING POWER OF IDEAS THAT DON'T MAKE SENSE*, AND A NEW REVOLUTION IN CREATIVE THINKING**

To come up with anything original in the marketing space seems more difficult now than ever before. While the digital revolution has given us an expansive set of new tools by which brands can amplify, elongate and decorate the way they communicate with consumers, interconnectivity makes the process easier than ever to copy.

Yet when Rory Sutherland, an experienced marketer of impressive standing, began applying ideas from psychology graduates as a means of unearthing unseen opportunities, he put away his plain old copywriting days and found a whole new route by which our actions and decisions could be exploited.

In simple terms, Sutherland believes many companies look in the wrong places for solutions. So in the context of an underperforming train service, rather than fix the unfixable (faster, longer, more frequent stock), why not work to better manage what you have, such as accurate display boards, Wi-Fi on the platform and a coffee shop with seating and tables?

Sutherland also looks at subverting expectations. He says: "There's a Chinese restaurant that was successful for being the rudest in London. Normally, rudeness in a restaurant is a bad thing. If, on the other hand, you turn the rudeness from being a downside into a source of entertainment, the very same thing which would be appalling in another setting actually becomes enjoyable."

In his book, Sutherland introduces a new way of thinking that goes way beyond brands and companies, and instead can be applied to individuals across all walks of life.

"To suggest there are no new original ideas is, of course, wrong," he says. "I would rather point to the fact there are a lot of existing ideas that still haven't been tried in certain areas, and this is really the future. You've just got to go out there, be brave, and seize the opportunity."

**It's time to make an LPA.** There is a common misconception that Lasting Powers of Attorney only need to be put in place when an individual gets older. In fact, it is always wise to put LPAs in place earlier in life. By doing so, you will gain peace of mind that your affairs – both financial and health – can be looked after if you are ever unable to do so. You will also be ensuring that your loved ones are not left in an impossible position, unable to deal with your affairs, if the worst should happen.

# What is a **RESIDENT LANDLORD?**

Have you ever thought about renting out a room in your home to bring in some extra income? Find out everything there is to know about becoming a resident landlord below.

### WHAT IS A RESIDENT LANDLORD?

A resident landlord, sometimes referred to as a live-in landlord, is someone who rents out a room or a proportion of their accommodation in a property that they also live in. You are not a resident landlord if the property is split into purpose-built flats, with yourself in a separate flat, or if you are not considered by law to be a resident at the property.

### WHAT ARE THE BENEFITS OF BECOMING A RESIDENT LANDLORD?

The main reason that people choose to rent out a room in their home is to earn some extra money which can be used to help pay the mortgage, pay

off other debts, or be put aside for retirement.

### ARE THERE ANY TAX BENEFITS TO RENTING OUT A ROOM IN YOUR HOME?

Yes, the government's Rent a Room Scheme allows you to earn up to £7,500 per year tax-free from letting out furnished accommodation in your home. If you earn less than £7,500, then your tax exemption will kick in immediately, otherwise you will need to complete a tax return or opt into the scheme.

### CAN I RENT TO MORE THAN ONE LODGER?

Yes, you can. If you have more than one spare room in your home, then you can rent to more than one lodger. However, if you rent to three or more tenants who are not from the same family, this becomes a house in multiple occupation, which has very strict licensing rules.

### DO I NEED TO TELL MY MORTGAGE LENDER?

Most mortgage agreements allow you to take in a lodger as long as you live in the property. However, it is worth checking with them first to make sure.

# The Reading Rooms The Billericay home of the Open Bible Learning Group

## The Open Bible Learning Group – Why listen to them?

Each Sunday afternoon, The Open Bible Learning Group open the doors to anyone with an enquiring mind and interest in reading their Bible and more effectively.

The group meet **2:30 each Sundays** in the Reading Rooms, 73 Billericay High Street to explore the exciting and powerful message God has revealed in his word, the Bible, by means of talks, discussions and presentations.

The Open Bible Learning Group are just ordinary men and women who first met here in the Reading Rooms in 1957 as a place worship and to study. The topics to be covered in July include talks and seminars on Sunday at 2:30 pm:

- July 2<sup>nd</sup> – **The connection between the Old and New Testaments**
- July 9<sup>th</sup> – **A Saviour who is Christ the Lord**
- July 16<sup>th</sup> – **What is the Kingdom of God and when will it start?**
- July 23<sup>rd</sup> – **Why did the Jews crucify their Messiah?**

So many different voices seem to compete for our attention these days, both online and offline. Take, for example, the appeals that are made by so-called Christian churches... not only are there very many of them (hundreds of groups exist in Essex alone)... but at times they can each seem to have their own ‘unique’ teaching. How can this be right, given there is just one Bible?

Recently, I caught up with, a member of the Billericay Open Bible Learning Group (OBLG), and asked Simon, how OBLG have come to a clear and simple position on these things? “If something can be demonstrated from the one Bible – and shown to be consistently taught – then there really is no debate. The truth can only be found in God’s Word, so that’s where the investigation must both start and finish. Misunderstandings,” he told me, “generally only begin when the Bible is set aside.”

Of course, most paper Bibles are at least 1,000 pages long, so people can understandably feel a bit overwhelmed when they first approach the book. So I asked Simon, how can somebody who is not so familiar with the Bible build up at least a basic starting knowledge? Where should they start? What are the key themes or topics? And, how can someone get a bit of supportive guidance if needed?

“They’re good questions, which is why, to help with all of this, the Billericay OBLG have created a series of so-called ‘Bible Shorts’ for YouTube on key topics (e.g. God; the Gospel; the Christian hope), each lasting

no more than five minutes. These shorts are intended to be just an introduction, but importantly they apply the same approach that any study should, with the Bible as the touchstone and it is constantly referred to.”

Alongside these ‘Bible Shorts’, OBLG also available have various full length recordings of their recent talks and special presentations, which can be viewed or just listened to free of any obligation. So, if you can’t make it along in-person or just want to start your Bible journey in your own time, why not check out their website [openbiblelearninggroup.com](http://openbiblelearninggroup.com) or their YouTube channel [@openbiblelearninggroup](https://www.youtube.com/@openbiblelearninggroup). It only needs to start with five minutes of your time... with “Bible Shorts – An introduction to the Bible”

MOTORING

# DROP IT

*like it's hot*

THE PERILS OF BIRD DROPPINGS ON OUR CAR EXTERIORS, AND WHY YOU NEED TO REMOVE THEM QUICKLY

When a bird decides to lighten its load your head, it's said to be a sign of good luck.

Well, tell that to motor aficionados and they may well disagree, because unequivocally, bird poo is bad for your car's paintwork and should be removed immediately.

The acid in bird poo begins to corrode the shiny coat that sits atop your cherished four wheels within 48 hours. This acid kicks off a rusting process, which can be difficult and expensive to fix.

The fact that birds consume a large amount of gravel in their diet means that not only do you need to be quick in removing deposits, but careful as well, or you'll find that despite being prompt in ridding your paintwork of the mess, it's left behind a horror show of scratch marks too.

Preventing the deposit of bird poo on your car is a near-impossible task, though ensuring you don't park under trees or roofed overhangs will reduce the chance of your car resembling a painter and decorator's radio.

The best and easiest method to get rid of

the mess is simply to spray it with WD-40. This will serve to loosen the droppings. You should then use a sponge or microfibre cloth to pinch them up from the surface of the car.

Baking soda mixed with dish soap and dispensed from a spray bottle can be just as good, while pre-prepared over-the-counter formulas are expensive, but equally effective.

The real trick to ensuring no long-lasting marks on your vehicle where bird poo is concerned is rapid detection, so keep your eyes peeled and leap into action at the first sign of air attack.
