ROM VALLEY
GLASS & GLAZING

Installation
Experts
since 1989

This Nelves Way property is a genuine showcase of luxury and style. We installed premium Smart Alitherm 300 windows with a sleek steel look and a classic Georgian cross design. In addition, we opted for Smart Visifold 1000 corner bi-folding doors to create an open and spacious living area — perfect for relaxation and entertainment.

All products were expertly manufactured and fabricated in-house and made in an elegant ral 9005 matte black, contrasting well with the property's face brick walls.

This was a larger project for Rom Valley, nevertheless, the entire process from design to installation took place within 8 weeks.

"A great experience with Rom Valley Glass, from the original site survey to the fantastic finished article of the installation. Our space has been completely transformed."

Exceeding expectations since 1989, we're a family-run company leading the way in glass installation, from planning and designing to completion. We're proud to partner with The Residence Collection to bring unparalleled windows and doors to the homes of Essex and beyond.

Editor's notes...

NOVEMBER 2023

Nik Allen, Editor

Hello and welcome to this month's edition of **VISION** BrentwoodOngar.

I've heard about kids going bonkers over conkers - yet now the schools are getting in on the act too.

I'm not someone who is easily riled up, but even I'm surprised at the dismay caused by an inanimate inch-wide object. The consternation came about when my niece's school banned the seed because one mother claimed her little one had a conker allergy.

Even the NHS states (a) "conkers do not pose any anaphylactic threat" and (b) "there is no prescribed evidence that exists that horse chestnuts cause an allergic reaction".

And if the threat were real, this is not the way society works. Parents and children are very capable of going out there in the world equipped with the knowledge and tools to avoid danger when it arises.

If I were this parent, I would be embarrassed. They are not helping their child adapt to real life.

To cancel the fun of hundreds for the debatable protection of one is bad; to do it without even researching the facts is sadly reflective of where we are today, and people are growing tired of it.

Until next month, take care of yourself, each other, and your conkers!

Nik Allen

MARKING THE 60TH ANNIVERSARY OF DOCTOR WHO – THE MAN, THE WOMAN, THE SHOW, THE MOVEMENT

Asking celebrities how they remain so youthful has become par for the course, but none has achieved as much ongoing success and vigorous relevance as the great Doctor, who at 60 is looking pretty fresh.

On Christmas Day, the Doctor's latest regeneration will be revealed, but not before some highly anticipated TV specials for the show's anniversary in November.

Making his grand return as the fourteenth Doctor, fan favourite David Tennant is set to wow once more for three anniversary episodes. The Scottish actor originally starred as the tenth Doctor from 2005 until his final episode aired on New Year's Day in 2010. Catherine Tate will also reprise her role as the Doctor's companion Donna Noble, with Neil Patrick Harris also joining the cast.

Though Patrick Harris is a newcomer to the *Doctor Who* fold, his character, The Toymaker, is not. First appearing in a now classic episode titled *The Celestial Toymaker*, from the show's third season in 1966, he was originally portrayed by actor Michael Gough.

The Toymaker is a memorable antagonist owing

to his whimsical yet sinister demeanour and his ability to create intricate and deadly challenges for the Doctor and his companions. The character's distinctive appearance and personality have made him a notable figure in the show's lore, one that aligns perfectly with Patrick Harris' dramatic and theatrical flair.

One of the greatest success stories for the BBC, *Doctor Who* began in 1963 when Sydney Newman OC, the corporation's head of drama, tasked producer Verity Lambert OBE and writer Anthony Coburn with creating a TV science fiction series. Their vision gave birth to *Doctor Who*, a show that would combine history, adventure and futuristic concepts in a unique way.

William Hartnell portrayed the original incarnation of the Doctor, a mysterious Time Lord with the ability to regenerate. The Doctor, along with his granddaughter Susan and two teachers, Ian and Barbara, travelled in the TARDIS, a time machine that looked like a 1960s British police box on the outside.

The series is listed in the Guinness World Records as the longest-running science fiction television series in the world, with Tom Baker holding the title for starring in the highest number of episodes – a whopping 178.

Despite its popularity, *Doctor Who* faced a significant hurdle in 1989 when it went on an extended hiatus. Aside from a TV film in 1996, the Doctor would not be fully regenerated until 2005.

This was the beginning of the show's modern era, helmed by writer and showrunner Russell T. Davies OBE and starring Christopher Eccleston as the ninth Doctor.

The most recent revamp of the series sees Davies return as the showrunner, taking over from Chris Chibnall who

introduced Jodie Whittaker as the 13th Doctor. Hot on the heels of his 2021 success *It's a Sin*, and with *Sex Education* star Ncuti Gatwa playing the 14th Doctor, Davies is in a fine position to return the show to its noughties glory.

The King's NEW COINS UNVEILED

SHOWCASING HIS PASSION FOR CONSERVATION AND EQUALITY

When His Majesty King Charles III was crowned, he thanked the public for their kindness and encouragement, and vowed that he and Her Majesty Queen Camilla would rededicate their lives “to serving the people of the United Kingdom, the Realms and Commonwealth”.

Putting his money where his mouth is, quite literally, the edge inscription of the new £2 coin reads ‘In servitio omnium’, which means ‘In the service of all’. It was taken from the King’s inaugural speech on September 9, 2022, and chosen by him personally.

The coin is one of eight that have been unveiled by The Royal Mint, ranging from 1p to £2. Determined to distinguish his reign from that of his beloved mother, the King has also embossed them with another of his great passions: nature.

Featuring endangered species from across the British Isles, such as the puffin, the red squirrel and the bee, along with flowers and the oak tree leaf, the coins reflect His Majesty’s devotion to conservation and equality.

Here is the full list:

- **1p coin:** Hazel dormouse... which has seen its population halve since 2007
- **2p coin:** Red squirrel... expected to blend into the colour of the copper coin
- **5p coin:** Oak tree leaf... a rich habitat for biodiversity in woodland areas with a long monarchic association
- **10p coin:** Capercaillie... found in a small part of Scotland and threatened with extinction
- **20p coin:** Puffin... 10 per cent of the world population is on the UK’s coastline
- **50p coin:** Atlantic salmon... at threat from river pollution and habitat loss
- **£1 coin:** Bees... 250 species found in the UK
- **£2 coin:** National flowers – a rose (England), a daffodil (Wales), a thistle (Scotland), a shamrock (Northern Ireland)

The coins will replace those designed by Her late Majesty Queen Elizabeth II in 2008 and may be in use by the end of 2023, but The Mint has confirmed that all existing currency remains legal tender.

How to make a Christmas CUTLERY POUCH

Cover your cutlery with Christmas cheer with this simple and stylish craft. All you need are a few materials and some basic sewing skills and you are good to go!

YOU WILL NEED:

- A sewing machine or needle and thread | A rotary cutter or pair of sharp scissors |
- A ruler | Cotton fabric fat quarters in your preferred Christmas colours or patterns |
- 2 x pieces of festive ribbon or trim (optional)

HOW TO MAKE:

Step 1: Cut your fabric

To create your pouch, you will need two pieces of fabric in contrasting colours or patterns. These need to be cut to 38cm x 12cm.

Step 2: Decide on your layout

One piece of fabric will be used to make the inside of your pouch and the other will be used as the flap. Your cutlery will lie on the inside fabric and be covered by the outside one.

Step 3: Place your fabrics face to face

Next, place your two fabrics face to face. If the flap fabric has a pattern, this needs to be placed upside down. Using a 10mm seam allowance, stitch around the two pieces of fabric using a sewing machine or by hand. Leave a 4cm gap at the bottom for turning.

Step 4: Clip the corners

Clip the corners of the fabrics, making sure not to cut the stitches, then turn the pouch the right way in. Pop out the corners using a pencil and then iron gently to smooth out the fabrics. Sew up the gap.

Step 5: Add ribbon or trim

If you want to add ribbon or a trim, lay out your pouch and sew the pieces of ribbon or trim to the edge that will turn up to make the flap.

Step 6: Complete the pouch

Fold the flap over with a 13cm measurement and iron it in place. Carefully tuck the ends of the trim inside and pin it in place. Sew all the way around the pouch as close to the edge as you can to create a top stitch.

CLASH of the FABRICS

HOME & DIY

TOP TIPS FOR COMBINING CONFLICTING FABRICS TO CREATE HARMONIOUS HOME DÉCOR

We're conditioned to think about our home interiors in ways that mean they match, complement and merge in the most perfect of ways.

Yet true innovation often brings about conflicting elements, so why not try these juicy style juxtapositions en route to awesome in-home ambience?

LEATHER AND WOOD

Sumptuous soft leather against solid wood is about as luxurious as you can get in a modern home. From leather cushions on a wooden bench or a walnut wood bedframe with leather panelling, the contrast between hard and soft is impossible to resist.

SUEDE AND COTTON

Both are beautifully soft, and yet the rugged texture of suede almost feuds violently with the plush softness of cotton. Ideal for brightening up bland bedding, suede cushions are the perfect foil to give your bedroom a hotel feel before removing for a restful night of sleep.

WOOL AND SILK

Wool and silk may be the oddest of bedfellows, but together they conspire to make something rather beautiful. From luxurious rugs to coveted curtains and upholstery for almost anything, the colour, quality and sheer beauty combined make this a dream duo.

TWEED AND CORD

Tweed is a very harsh material that has bundles of presence, which is why you should match it with something softer, like cord. Both have a vintage and almost classic feel, which works perfectly for a formal sitting room.

CHROME AND GLASS

Creating an almost retro/futuristic feel, the stunning mirror shine with the transparency of glass transforms an ordinary coffee table into a futuristic centrepiece.

Tips & Tricks for planning
your bathroom from

OLYMPUS
BATHROOMS

Olympus Bathrooms was founded in 2018 by Husband and Wife, Joseph and Roxanne Baker. Joseph's background as a plumber and passion for design, paired with Roxanne's ability to organise and manage, created the perfect team.

Five years and two showrooms later, they are beginning to create their own bathroom showroom empire. They have a passion and a vision to bring a new and exciting attitude to the bathroom world and enhance the customer experience.

Bathroom Design Tips and Tricks

A few tips and tricks from Lucymai Looker, showroom manager at Olympus Bathrooms Essex.

● A bathroom is not just a place to have a quick shower before work, it is a place to unwind and relax. Consider what helps you unwind, be it a rainfall shower, a freestanding bathtub or a platform beside

your bath especially for that glass of wine you have been saving for a rainy day.

● Lighting is continuously overlooked in bathroom design. You do not have to limit yourself to a LED mirror and a few spotlights. Consider including a sensor light below your wall-hung vanity unit for ease, adding ip44 rated LED strip lighting in your shower niche to make those feature tiles pop or adding a cluster of pendant lights above your bathtub for a calming evening soak.

● Struggling to visualise what your new bathroom could look like? Or if those tiles you love will compliment the colour of the vanity unit you have in mind? That's where we step in. Bring along your Pinterest boards, magazine cut outs, samples, and let's discuss your exciting project. We can help to suggest design ideas, layouts, and bring your bathroom to life with our CAD software.

INTERIOR DESIGN PROFILE

NICOLA HARDING & Co.

HOME & DIY

After five years of working with landscape designer Arne Maynard, Nicola Harding decided to launch her own studio in 2008, a move that has seen her become one of the UK's most respected designers.

Her work has a classic touch, made timeless with the right pieces and colours creating looks that are unique, but work perfectly for the spaces they're in. If you love flashes of colour and quirky features, then Nicola Harding could serve as your perfect designer inspiration.

ABOUT NICOLA HARDING

According to Harding: "Our aim is to create places rich in atmosphere, places people feel enchanted by and connected to, places people quickly feel at home in."

This comes from Harding's background of living on military bases that had a standard design, where the smallest personal touches could make a space feel more like home.

Harding's designs are full of personality, using the history of the property to create designs that work with the features, bringing them to life through the pieces and textures that then make the space feel loved and warm. From antique furniture to bespoke pieces, the result is effortlessly charming, a look that people fall in love with.

BRINGING NICOLA'S STYLE INTO YOUR HOME

What's fantastic about Nicola Harding's portfolio is that every space is unique. This makes it easy to create similar looks in your home, but with your own personality shining through. Some tips for emulating some of Harding's wonderful style include:

- > Use colour in unexpected ways. From doorways to ceilings, you can use colour in different places to add quirky accents. A dusky or pale pink on the walls keeps the space light, while vibrant blue or green furniture will add some interest. Choose a neutral shade to paint skirtings and coving to break things up and bring your colour scheme together.
- > Enhance your home's existing features. If you have archways or beautiful fireplace settings, why not paint them to make them more of a feature?
- > Consider adding furniture that's of the property's time, with antique finds providing a sustainable way to decorate your home. Keep an eye out for dressers, sideboards and lamps that have hand-carved details, as well as metallic hardware to make the look more high-end.
- > Use tonal elements to bring together different colour palettes. Using different shades of a single colour (pink and grey are popular choices), as well as patterned looks for your furniture, such as sofas and accent chairs and textiles (rugs, cushions, curtains), adds layers to the room and can quickly add interest and personality.

Man charged with murder after stabbing

Photo credit: Google Maps

Detectives investigating a fatal stabbing have charged a Brentwood man with murder.

David Odunuga, 32, of Rollason Way, has been charged with murder and possession of an offensive weapon. He appeared at Highbury Corner Magistrates' Court on Monday, September 25.

The London Ambulance Service called police to Upper Tollington Park at 4am on Tuesday, September 19, following reports of a stabbing.

Officers responded and found 53-year-old Brian, who was from Haringey, with stab injuries.

Despite the best efforts of police and paramedics, he was pronounced dead at the scene.

A post-mortem examination took place on Wednesday, September 20, and gave the cause of death as stab injuries.

Anyone with information is asked to call 101 or contact @MetCC via X ref CAD 835/19 Sept.

Controversial development recommended for approval

The controversial application to convert the Ongar Garden Centre into a range of commercial buildings has been recommended for approval.

On the Brentwood Borough Council planning portal, there are 575 objections to the proposal, with just one in support.

One resident commented: "This is a well-used garden centre, also offering work for local people.

"The additional traffic flows from a change of use would not be welcomed through the village and on the A128. There is no need to close an established

well-used business that has plans to stay for the community long term."

Despite overwhelming public opinion, the Planning Committee has recommended the proposal for approval, stating that the "resubmission has overcome the previous two reasons for refusal".

Due to be discussed at a meeting on October 17, the application was deferred, with residents now facing an anxious wait to find out more.

Keep updated with developments by viewing the community-led 'Save Ongar Garden Centre' petition at www.change.org/p/save-ongar-garden-centre

Young filmmaker's chance for 'life-changing experience'

A talented young filmmaker who attends Brentwood School has been selected to participate in an exciting project.

Sixth Former Ore Fashesin-Souza (pictured below) was chosen out of hundreds of Young Film Academy (YFA) members to be part of Project Paradiso.

Ore will join a select group of YFA's most promising students to create a short film against the backdrop of Mount Etna in Sicily.

Project Paradiso is a not-for-profit initiative that unites educational training with a real-world film industry opportunity. As each young filmmaker will be responsible for raising a proportion of the budget, Ore has set up a Crowdfunder.

Ore explains: "Being selected for this project means the world to me, so please help to make our dreams come true and support this life-changing experience."

BURGHART for BRENTWOOD

Alex Burghart MP for Brentwood and Ongar

LOCAL NEWS

As a historian, I take every opportunity I can to visit and find out more about local places of historic interest, and I am now compiling them on my website in Dr Burghart's History Notes.

Brentwood is known as being the site of the start of the 14th-century Peasants' Revolt – an event now commemorated in the name of the newest pub and microbrewery on Kings Road near Brentwood Station. I know the brewery/pub has just expanded and is on my list for a visit and a pint.

Some 200 years later, William Hunter became a martyr as he was burnt at the stake. He is commemorated with a stone memorial off Wilson's Corner roundabout and in the naming of William Hunter Way.

In times to come, Brentwood's former White Hart Inn – now the Sugar Hut – may be remembered less for its history as a coaching inn for travellers, and more for its part in *The Only Way is Essex* TV series.

Brentwood and Ongar's wartime history is fascinating – you can still see the remains of Second World War airfields in Willingale and Matching Green. Just last month, I laid a wreath at the site in West Horndon where two USAF B17 bombers collided in mid-air in bad weather 80 years ago, killing 20 young airmen.

The local churches are always a great source of less well-known historic information, and my Friday constituency days are always made better by a quick visit to a village church. I have described them

previously as "a stone and mortar history book".

Sometimes a building catches my eye, or a blue plaque, like the one on Lloyds Bank on Brentwood High Street declaring it to be the site of the world's first ATM cashpoint. If you know of any small but significant historic places in Brentwood and the surrounding villages, do let me know and I will add them to my constituency visits for further investigation.

BOOK FOR THE BALL!

Exploring the expansive corners of Hatfield Forest

In west Essex on the border of Hertfordshire lies a treasure trove of natural beauty: Hatfield Forest. This enchanting forest, once a royal hunting ground, is a special place where age-old landscapes have been preserved and history echoes through every leaf and branch.

The forest, which spans more than 1,000 acres, features coppiced trees, ancient wood pasture and shimmering lake, making it a paradise for nature lovers, walkers and picnickers alike.

Hatfield Forest isn't just about natural beauty, though. It was preserved as a hunting ground by William the Conqueror and is steeped in centuries of history. It's a living, breathing relic of medieval England, and stories of past royalty and deer hunts are woven into the very fabric of the woodland.

Boundary disputes have dominated much of Hatfield Forest's past, and these dividing lines remain intact to this day, despite the fact that renowned

landscape designer Capability Brown was invited to modify elements in the 18th century.

In later times, the Victorians explored agricultural use, and during the Second World War, some parts of the forest even came under military occupation.

These days, the expansive setting is carefully protected by the National Trust, offering accessibility for locals and visitors alike, who are invited to have a picnic in the open grasslands, enjoy the tranquillity of the lake, or take a leisurely walk through the ancient woods. With the latter in mind, there are a number of designated routes that can be traversed through the forest, although some of the trails can become quite muddy during the winter months.

Regardless, Hatfield Forest, which is also marked as a Site of Special Scientific Interest, provides a beautiful escape from the modern world.

St Michael's Homes which comprises of two elderly care homes within beautiful Essex countryside 10 minutes away from Brentwood – Howard Lodge & Dudbrook House Care Centres

There is an increasing vulnerability among our older population, suffering from the effects of chronic loneliness and feeling like a burden to their families especially during the pandemic. St Michaels Homes shows the benefits residents, and their families can have when living within Howard Lodge or Dudbrook House Care Centres.

Combat loneliness

According to Age UK, more than two million people in England over the age of 75 live alone and go for over a month without speaking to a friend, neighbour, or family member and this has only got worse with the recent pandemic.

People can become socially isolated for a variety of reasons. Our care homes you can find fun, companionship and warmth within a safe and secure environment. "What you can access through our homes is truly priceless. You're welcomed into a warm, familiar environment where you can socialise and enjoy having a good chat, a home from home place to live.

Helping a care giver

With independent living, you may be relying on family members for support and care and often an issue for elderly people is feeling like a burden to their relatives or carers.

Our care facilities offer respite care, short stay with us can help offer families the chance to recharge which has been an incredibly stressful year for us all, while being reassured that their loved ones are safe and well cared for. "It's important carers get a break too. They need to take care of themselves so they can look after their loved ones and enjoy good quality time together. Our care homes give them the peace of mind to relax, knowing their loved ones are being cared for 24/7.

Action packed activities and events

Even when the rest of the world was been locked away within their homes our care centres activity teams were as busy as ever trying to think of all the different things to do, based on each resident own interests and hobbies.

All our residents have the opportunity to join in with activities and workshops. We organise arts and crafts groups, games, quizzes, spa days within our own hair salons and much more. The feeling of belonging and having something other than the normal daily routine.

The care homes are ideal for elders with care needs. It's a supportive space for you to meet with others in similar situations within a safe and secure environment you can benefit from meeting many new faces and forming new friendships bonds with long serving staff and other residents and become part of our supportive community.

St Michaels Homes will be celebrating providing quality elderly & dementia care for 32 years this coming November. We are a family run care home operator and family are at the heart of everything we do.

Don't ask the price, IT'S A PENNY

In 1884, a Polish immigrant opened a stall in Kirkgate Market in Leeds, selling household goods, haberdashery and toys for a penny a pop. Back then, who could have guessed the stall would blossom into retail giant Marks & Spencer?

SO HOW DID IT HAPPEN?

Michael Marks was born into a poor Polish Jewish family in what is now Belarus. He emigrated to England when he was 23 years old to escape persecution. He settled in Leeds and got work at John Barran & Sons' garment factory.

Marks soon branched out. He started buying goods from a local wholesaler and selling them door to door. With the profits, he opened his first market stall, known as 'Marks' Penny Bazaar', and branded it with his then-famous slogan, 'Don't ask the price, it's a penny'.

In 1894, Marks teamed up with Thomas Spencer, his wholesaler's bookkeeper. The company continued to grow. But sadly, it soon lost its two founders. Spencer died in 1905 at the age of 53, and Marks died in 1907 at just

48. By then, the company had 145 stalls and shops nationwide and a turnover of £400,000 – which is worth more than £61million today.

MARKS' SON SIMON TRANSFORMED THE BUSINESS...

In 1926, the company was floated on the stock market and moved into clothing and food. It made its reputation by selling only British-made products. And it offered cash refunds for items, however long you'd had them, so long as you had the receipt.

Simon Marks launched the St Michael brand name in honour of his father in 1927. The name was a symbol of quality and appeared on items from ready meals to overcoats till the company rebranded in 2000.

Since the late 1990s, the company's had a rocky ride. Be that as it may, it still has around 1,500 stores and turned over £6.6billion last year.

Will your flat roof keep you warm and dry this winter?

Are you concerned about potential leaks or costly water damage?

More than 70% of UK homeowners still have a traditional mineral felt flat roof. Over time extremes of temperature can result in this cracking and leaking. Once the felt starts to fail, water damage often goes unnoticed resulting in severe damage and inconvenience.

What to look out for:

If you see blisters on the roof surface or cracking around the roof edge, pipes, upstands and roof lights you need to act fast.

Insurance companies will no longer accept liability for external or internal damage caused by leaking flat roofs that are more than ten years old.

High-Tech offer professional roof replacement services using only the highest quality materials along with some of the most advanced flat roof technology available.

All flat roofs installed by us adhere to building regulations, are dimensionally stable and incorporate an anti-slip membrane strong enough to walk on. We recommend Protan, an architect-specified, award-winning single ply PVC flat roofing system which has a proven track record of excellence.

The perfect ROAST CHICKEN

From how to create a classic roast dinner to carving it up to get the most meat out of it, the below will guide you through each step.

TO ROAST THE CHICKEN

You will need:

1 whole chicken | Half a lemon | Butter | Salt and pepper

Method:

- > Pre-heat the oven to 200°C/180°C fan/gas mark 6.
- > Take the chicken and remove any giblets that may be in the cavity. You can, of course, buy whole chickens with the giblets already removed.
- > Put the half lemon into the chicken cavity and smear butter over the whole bird.
- > Season with salt and pepper.
- > Cook the chicken uncovered for 20 minutes per half a kilo, with an extra 30 minutes for good measure.
- > To make sure the chicken is thoroughly cooked, give the legs a prod to see if the juices run clear,

or cut into the breast to see if the meat is white.

TO CARVE THE CHICKEN

You will need:

A very sharp carving knife | Carving fork | Chopping board (preferably with a well to catch any juices)

Method:

- > **Remove the legs:** Use the carving fork to hold the chicken in place and cut across the skin between the breast and the leg. Pull the leg away from the breast and use your knife to cut through the joint. Repeat on the other side.
- > **Remove the wings:** Repeat the process above – pull the wing away from the breast and cut through the joint. Repeat on the other side.
- > **Remove the breast meat:** Carefully run the knife down the centre of the breastbone to cut through the skin. Run the knife down the breastbone, cutting the meat from the bone.
- > **The rest:** Pick off any remaining meat to use in a pie or soup or freeze in a container for another day.

What's the difference between...

Whisky & bourbon

Do you like whisky but say you can't stand bourbon? If yes, you may be surprised to hear that bourbon is actually a type of whisky.

Discover the main differences between bourbon and other whiskies below. Plus, some delicious whisky and bourbon cocktails.

WHAT IS WHISKY?

Whisky is a family of distilled liquor that is made by fermenting wheat, rye, barley or corn. It is then aged in wooden barrels that are typically made of oak. This is what gives whisky its distinct brown colour and taste.

There are many different types of whisky, including Scotch (Scottish whisky), Irish Whisky, Rye whisky and Japanese whisky.

WHAT IS BOURBON?

Bourbon is a specific type of American whisky that is made from at least 51 per cent corn and aged in new charred oak barrels rather than reused ones. The name bourbon comes from Bourbon County in Kentucky, which is where this popular spirit originates from. Straight bourbon whisky has to have been aged for at least two years.

WHAT IS THE DIFFERENCE IN FLAVOUR?

Bourbon has a sweeter flavour than other types of whisky, boasting notes of vanilla, oak, and caramel. This is owing to the high concentration of corn. Rye whisky tastes grassy and peppery with a spicy finish, Scottish whisky is malty and buttery, Irish whisky is known for being light and fruity and Japanese whisky has floral notes with hints of oak.

POPULAR WHISKY COCKTAILS:

- > *Whisky Sour* – 50ml whisky, 35ml lemon juice and 12ml simple syrup
- > *Old Fashioned* – 50ml rye whisky, 1 sugar cube, a few dashes of water and angostura bitters
- > *Whisky Highball* – 50ml whisky and 100ml soda water or ginger ale
- > *Whisky Smash* – 50ml whisky, 25ml simple syrup, ¼ lemon wedge and 1 sprig mint

POPULAR BOURBON COCKTAILS:

- > *Bourbon Sour* – 50ml bourbon, 35ml lemon juice and 12ml simple syrup
- > *Kentucky Mule* – 50ml bourbon, 15ml lime juice and ginger beer to top
- > *Bourbon Manhattan* – 50ml bourbon, 25ml sweet red vermouth and 2-3 dashes angostura bitters.

A full-page photograph of Kylie Minogue performing on stage. She is wearing a shiny, bright blue jacket over a black outfit. MINOGUE

After a huge year, Kylie Minogue AO OBE is revving up for the grand finale with an ITV extravaganza, *An Audience with Kylie*.

Few of us can boast of a career of more than three decades; even fewer can achieve such a feat in the cut-throat music industry, and one in a billion can do it with the grace, style and panache of Kylie.

An undisputed queen of reinvention, the 55-year-old Aussie delighted her fans earlier this year with the sizzling floor-filler *Padam Padam*. It was a track that not only launched her back into the charts (the song peaked at number eight, becoming her 52nd Top 40 single in the UK), but also flaunted her spectacular and seemingly ageless appearance in the accompanying music video.

For Kylie – who returned to where it all started this year in the well-received *Neighbours* finale – such moments have become second nature. Bursting onto the music scene in the late 1980s with her debut single, *I Should Be So Lucky*, her angelic voice, combined with a girl-next-door charm, made her an instant sensation.

Kylie continued to release chart-topping hits that solidified her status as a pop sensation. Songs like *Got to Be Certain*, *Je Ne Sais Pas*, *Pourquoi* and *Especially for You*, a duet with

Jason Donovan, became anthems of the era. Her catchy tunes and memorable music videos created a pop culture phenomenon.

By the time the 90s rolled around, however, saccharine pop was on the wane. Rather than fade away,

Kylie retreated into her cocoon and reappeared as an indie princess, even collaborating with the master of melancholy, Nick Cave, on *Where the Wild Roses Grow*.

Another defining moment of Kylie's career came in the early 2000s with the release of *Fever*. The album's lead single, *Can't Get You Out of My Head*, became a global phenomenon. Its hypnotic beat and unforgettable hook catapulted Kylie back to the top of the charts worldwide and solidified her status as an international pop icon.

Though she is adored across the globe, her status here in the UK is one of particular reverence. So much so that Kylie, who was awarded an OBE in 2007, has spent much of the last few decades living in London and now owns an apartment in the highly coveted Hyde Park One building, alongside a house in her home town of Melbourne.

Fortuitously, her abode in Britain's capital is a short walk from the location of her ITV special, the iconic Royal Albert Hall. *An Audience with Kylie* promises to dazzle with an array of floor fillers from both her recent album, *Tension*, and her award-winning back catalogue. She will also field a bevy of questions from the floor posed by specially invited VIP guests, including celebrity Kylie superfans.

Kylie said of the event on December 1: "I'm so excited to announce that I am teaming up with ITV for *An Audience with...* at London's iconic Royal Albert Hall. I'll be performing some of my favourite tracks from throughout my career and no doubt answering some surprising questions from the audience."

The one query she's sure to bat away is talk of retirement. An icon of modern music, the industry – in all its inconsistency and fragility – is indebted to this marvellous mainstay, and her star will surely never be allowed to wane.

AUTUMN arrivals

While many might scoff at the idea of the UK being a warm winter getaway with gourmet food, it's a top holiday spot in the bird world! That's right – as temperatures drop elsewhere, large numbers of our feathery friends flock to Britain.

MAJESTIC GESE AND SWANS

Leading the parade of bird visitors is the fabulous pink-footed goose. When the temperatures dip in Iceland, and food gets scarce, the geese fly to the Faroe Islands, rest a bit, and then head to the UK. Similarly, Bewick swans head over from Siberia, while whooper swans make their way from Iceland.

VIBRANT COASTAL LIFE

Every autumn, the UK's beaches and wetlands burst into life with a big mix of wading birds from northern Europe, the Arctic, Russia and northern Canada. These include lapwings, dunlin, oystercatchers, bar-tailed godwits, redshanks, and grey plovers from the Arctic.

INLAND VISITORS

Moving inland, colourful Bohemian waxwings, with their distinctive crests, black eyeliner, and peach-tinged plumage, fly in from Scandinavia. You can sometimes spot them in large flocks in berry-laden bushes in towns, car parks and gardens. And it's not uncommon to see large numbers of dainty goldcrests with a radiant yellow stripe along the top of their heads. Despite weighing no more than a ten-pence piece, this remarkable bird journeys across the North Sea to spend its colder months with us.

Other northern European visitors you might spot in your garden include redwing and fieldfare – both types of thrush.

When spring comes, the birds fly back to their homelands to breed. Given the warming world and milder climates in their nesting territories, these winter visitors might one day no longer grace our shores. So let's all appreciate them a bit more – while we still have the opportunity.

ROCK ON

How to create a rock garden

GARDENING

In recent years there has been something of a rock revival going in Britain's gardens, front and back.

A trend that came to the fore in the nineties has seen something of a revival, with an increase in sales of rocks and alpine plants. Add in pebble mulches and gravel, and it's clear we are refreshing our garden spaces to add height, texture and, dare we say it, perhaps the odd splash of cascading water.

As for how to style your perfect rock garden, a slope obviously helps. If you don't have one, fear not – you can create a display by banking rocks closely together, filling in gaps with brick, stone or rubble to create a defined ridge.

It's a good idea to look for local stone – this will add character and provenance to the garden; and while many varieties may be expensive to buy, searching locally online may well bring about cheap or even free sources of stone.

Let rocks develop a patina of age – don't clean them or they won't look authentic – and bury them about a third of the way into the ground, tilting backwards, allowing space for grass and plants to flourish around them.

Now all you need to do is pattern surroundings with what you choose – an evergreen, such as miniature conifers will create vertical interest, while smaller shrubs will keep layers of interest even through the cold winter months.

Drought-tolerant plants such as sedums and sempervivums are also a good idea, while trailers, such as creeping rosemary, creeping thyme or aubretia, will guide the eye across the structure.

Finally, for texture, add some contrasting shapes – spikes, slants, velvety leaves – plus smaller bulbs, such as wild tulips, daffodils, snowdrops and crocus.

With your work done, sit back and admire!

THINKING GREEN ENERGY?

As a well-established electrical contractor serving Essex business and homeowners for nearly 20 years, we have built a great reputation and a longstanding client base. We pride ourselves on our customer focused attitude in everything we do.

Most recently we have seen the fantastic savings that can be made from small scale Solar PV in both domestic and commercial settings and have fully embraced this new technology by becoming MSC and HIES accredited, allowing us to design, install and certify all our own Solar PV and battery storage installations.

As a NICEIC approved contractor, we are able to carry out a full scope of domestic and commercial electrical installation work. But with a passion to keep evolving as a company and move with the times we built on this foundation and branched into more technical lighting control systems for higher end domestic and commercial fit outs.

Tackle that TARNISH

FASHION

If your bling is looking more dull than dazzling, then these tried and tested DIY cleaning techniques are just what you need.

HOW TO CLEAN STERLING SILVER

1. Try baking soda

For severe tarnish, mix three parts baking soda with one part water. Wet the silver and then apply the paste with a soft, lint-free cloth. Work into the crevices, rinse well and buff.

2. Apply toothpaste

Toothpaste is a mild abrasive and therefore ideal for cleaning silver. Simply apply a dab to your silver jewellery and rub gently with your finger or a soft cloth. Rinse and buff.

HOW TO CLEAN GOLD (WHITE, YELLOW AND ROSE)

1. Use ammonia

Ammonia is a powerful cleaner so is best used for occasional deep cleaning rather than frequent use. Add one part ammonia to six parts water, soak your gold jewellery for one minute, rinse and gently pat dry with a polishing cloth.

2. Soak in warm, soapy water

Fill a bowl with warm water, add a few drops of washing-up liquid and leave to soak for 10-15 minutes. Use a soft-bristle toothbrush to dislodge dirt, rinse and dry.

JEWELLERY TO BE CLEANED PROFESSIONALLY

Gold and sterling silver can be safely cleaned at home. However, more delicate metals, such as platinum, should be cleaned by a professional. If your jewellery contains precious stones such as diamonds, sapphires or rubies, you should stick to mild soap and water.

HOW TO KEEP SILVER AND GOLD JEWELLERY LOOKING ITS BEST FOR LONGER

- > Store your jewellery in an acid-free, closed container.
- > Do not leave your jewellery in direct heat or sunlight.
- > Avoid your jewellery coming into contact with chemicals.
- > Remove your jewellery before bathing, swimming and exercising.

BAD SPORTSMANSHIP:

BUTT & WARNE

on the spot

Cricket undoubtedly has universal popularity. Combine this with its intricacies, its longevity as a game, the ease of online betting and the variety of bookmaker markets, and you have the potential for foul play, on an international scale.

Take Pakistan's 2010 tour of England, for example; a series that became the centre of a sting by the *News of the World* (NoTW) where its reporters secretly filmed Mazhar Majeed, a British bookmaker and agent, giving bribes to visiting players ahead of the Lord's Test.

Money was offered on the proviso that two Pakistan fast-bowlers, Mohammad Asif and Mohammad Amir, would deliberately send no-balls at agreed times – known as spot-fixing. Even the team's captain, Salman Butt, was in on the scam.

The NoTW exposé ended with jail sentences meted out to all four, with the three players also receiving lengthy bans.

While the idea was brazen and reflective of the global gambling market, it was not the first time it had happened. Between 1994 and 1995, an Indian man referred to as 'John the Bookmaker' handed over cash to Australian stars Mark Waugh and Shane Warne in exchange for pre-match weather and pitch information.

'John' soon upped the ante, requesting team selections and tactics, but the duo refused. The Australian Cricket Board became aware of the allegations and the action taken was to fine each player privately.

In the aftermath, the Aussies claimed that Pakistan captain Salim Malik had approached them with bribes in exchange for losing matches. While their own credibility as witnesses had evaporated, the story was pursued, and former captain Malik received a life ban in 2000.

In 2023, cricket's abundant riches implies spot-fixing should be less appealing to players, yet the lure of a payday is always there.

What is a breast reduction?

Breast reduction is a cosmetic procedure to remove excess fat and skin from the breasts making them smaller, better shaped and more uplifted.

The procedure can relieve physical symptoms such as breast discomfort, neck ache, backache, shoulder pain, skin irritations under the breast fold, painful pressure from bra straps and difficulties and discomfort during exercise.

What happens during breast reduction surgery?

Text overlaid on man giving presentation: attend one of our free upcoming cosmetic surgery open events Breast reduction is performed under a general anaesthetic. It can take between one-and-a-half to three hours.

There are several different surgical procedures for breast reduction. Excess skin and fat is removed. Your breasts are reshaped, and the nipples are repositioned. All procedures result in a scar around the areola (dark area around the nipple) and each method results in additional scarring. Your surgeon will discuss each procedure with you and together you will decide which is best in your particular case. Breast reduction can also be used to correct asymmetry (imbalance) of your breasts.

Going home after breast reduction surgery

Patients often go home the same day as their procedure but may need to stay overnight. You will

have dressings on your breasts and there may be drains (plastic tubes). The drains are usually removed before you leave hospital.

You will be given post-operative pain killers and instructions regarding your dressings and any stitches you may have.

Most patients are mobile from day one and return to normal activities within six weeks. However, everyone heals differently. Be sure and discuss your return to work with your surgeon.

The results of breast reduction improve gradually over time. Your breasts should become softer and more natural as the healing continues.

Everyone heals differently so your results may vary. Every surgical procedure has a risk of complications. Be sure and discuss any concerns you might have about these risks with your surgeon.

- Specific complications following breast reduction:
- Developing a lump or swelling inside the breast
- Numbness or persistent pain on the outer part of the breast
- Loss of skin, including the areola and nipple
- Stiff shoulder
- Change of breast and nipple sensation
- Uneven shape: Your breasts will change shape after reduction surgery. There is a chance that they may end up slightly lopsided, lumpy or with uneven nipples
- Reduced ability to breastfeed

HEALTH & FITNESS

FUNCTIONAL FITNESS 101

WHAT IS FUNCTIONAL FITNESS?

As the name suggests, functional fitness is a type of physical training that is designed to make your body function better in everyday life. More specifically, functional fitness exercises help to make daily motions such as picking up your children, carrying your shopping and walking around easier and safer.

WHAT ARE THE BENEFITS OF FUNCTIONAL FITNESS?

There are many benefits to practising functional fitness, including: Enhanced strength | More flexibility | Better balance and agility | Better range of motion

THE BEST FUNCTIONAL FITNESS EXERCISES

Functional fitness exercises prioritise natural movements over exercises that are carried out on a machine. For example, squats and pull-ups over leg presses and lateral pull-downs or going for a hike rather than using an elliptical trainer. Some of the most effective functional fitness exercises are:

- 1 BEAR CRAWL:** Begin in the tabletop position on the floor | Bring up your knees so they hover above the ground | Using opposing arms and legs, take a small step forward with each limb | Return to the starting position, then repeat on each side for one minute, rest and repeat three times
- 2 FARMER'S WALK:** Pick up a couple of weights (kgs that you feel comfortable walking with) | Keep a tight posture with your shoulders back | Take small, manageable steps back and forth across the room | Rest and repeat for two minutes
- 3 STEP-UPS:** Step up and down from a bench | Continue for one minute, rest and repeat three times | Add weights if you want to challenge yourself | Upgrade to a box jump where you jump up and down with two feet rather than alternate feet
- 4 PLANK:** Adopt the push-up position | Push through your hands and squeeze your body, engaging your abs | Hold for one minute, rest and repeat three times.

WORD LADDER

THE AIM: Change the word at the top of the ladder one letter at a time to make the word at the bottom.

HOW TO: Change one letter on each step to make a new word. By the time you reach the end, you should have created the new word.

DO NOT rearrange the order of the letters.

TIP: There is usually more than one way to solve this puzzle.

A Brand New Smile in One Day?

From the outside, Brentwood High Street's SmileHQ looks more like a boutique hotel than a dental practice.

Inside, owner Dr Vishal Patel and a highly skilled team of dental surgeons provide a treatment that transforms much more than just smiles.

The clinic is earning rave reviews for its Same-Day Teeth treatment — a life-changing procedure that gives patients a brand-new replacement smile in just one day.

Life Without Smiles

Life without a complete set of teeth isn't just an oral health challenge, says Dr Vishal. "While it sounds trivial, the problem of loose or missing teeth and poorly fitting dentures can be a real blight on lives.

"These conditions prevent patients from eating their favourite foods and getting the balanced

reversing even the most extreme effects of failing oral health and tooth loss in a single day.

The procedure uses state-of-the-art dental implants to replace loose or missing teeth, so it's also perfect for those who live with the daily inconvenience of dentures.

Results are such a dramatic improvement that Same Day Teeth are often life-changing for SmileHQ patients, says Vishal: "The changes we see in patients after receiving their brand new smiles aren't just cosmetic. For many, it represents a new lease of life, with improved confidence, a more youthful look and radically improved dental function."

Dr Vishal Patel
Dental Implant
Surgeon

The Science of Same-Day Smiles

Same Day Teeth technology uses a series of strong titanium implants as a substitute root for the replacement teeth. Where traditional methods require 6-10 implants per jaw and a lengthy recovery time, Same Day Teeth uses just four for a completely new arch of teeth.

Crucially, this means patients can walk into the practice with no teeth and leave the same day with a brand-new smile.

Trust SmileHQ's Same-Day Experts

Dr Vishal and the SmileHQ team have successfully placed thousands of same-day implants and also have extensive experience in advanced implant techniques, including bone grafting and sinus lifts.

If you suffer from loose or missing teeth or have poorly-fitting dentures, they are here to listen to you and explain the options at every step of the way.

"We believe everyone should be able to enjoy the benefits of a healthy, functional smile without the wait," says Dr Vishal.

diet they need. It can also be a constant drain on confidence that leaves people feeling afraid to smile."

The Same-Day Solution

In the past, the only option for patients with missing teeth was removable dentures or implanted teeth.

However, dentures often leave wearers facing problems with eating and speaking clearly, while implant surgery is a lengthy process leaving patients without functional teeth during recovery.

SmileHQ's Same-Day Teeth changes this —

Dr Vishal and the SmileHQ team are now offering an exclusive 10% discount on the procedure, which could save VISION Magazine readers up to £2,060.

Crystal Craze

According to Pinterest, there has been a 110 per cent increase in searches for crystal eye make-up over the last year, with this beauty trend showing no sign of slowing down. Versatile, flattering, and oh-so-pretty, find out how to rock this statement look below.

What tools do you need to do crystal eye make-up?

To master this trend, you will need a pair of tweezers, lash adhesive, and your chosen crystals. For complete beginners, you can also buy jewels that already have adhesive on them. It is worth noting that the smaller the crystals, the harder they will be to apply.

Where to place your crystals

There is no hard and fast rule when it comes to where to apply crystals around your eyes; you can basically be as creative as you want. However, it can be a good idea to place your crystals in places that you want to draw people's attention to. For example, the inner corner of the eyes, the upper lash line and the lower lash line. Be careful when using adhesive near your eyes.

Crystal eye make-up looks to try

Crystal cat eyes: Create your usual cat eyes using black liquid eyeliner, and then apply gems to the upper lash line along the eyeliner for a mega-bling finish.

Silver gem-encrusted wing liner: Instead of the basic black winged liner, apply five or six tiny silver crystals from the outer corners of your eyes, extending upwards towards your temples.

Colour combinations: Crystals and eyeliner come in a wide variety of colours so don't be afraid to mix it up a bit. We love combining blue and silver, gold and metallic shades, and a full rainbow of crystals with any liner of your choosing.

How to remove crystal eye make-up:

Not a beauty trend for the office, you can easily remove any crystals using a cream or oil-based make-up remover. This will lift the jewels off the face without causing any irritation to the skin.

NUISANCE NITS

Nits are the bane of every parent's life and can be a nightmare to get rid of. While over-the-counter treatments are effective, they can also dry out your child's scalp and hair. Discover four natural alternatives below.

ESSENTIAL OILS

With the ability to eliminate nits and nourish the hair, there are several essential oils that you can try, including tea tree oil, lavender oil, neem oil, clove oil and eucalyptus oil. For best results, mix 15-20 drops of your chosen oil with 60ml of olive oil, apply to the scalp and comb through with a nit comb.

RAW GARLIC

Raw garlic has antibacterial properties and can be used to suffocate nits. To use garlic on nits, crush a peeled bulb of garlic into a paste and then mix with either olive oil or lime juice. Apply to the head, leave for 30 minutes and then wash the hair as normal. No combing needed.

CONDITIONER

If you are worried about drying out your child's hair, then you may want to try applying a thick conditioner to suffocate the nits before using a fine nit comb to remove them. This also helps to make the combing process less painful for your child.

VINEGAR

Both normal vinegar and apple cider vinegar can be used to effectively kill and get rid of nits. All you need to do is mix one cup of vinegar with one cup of warm water. Distribute the mixture evenly onto the scalp and cover with a hair cap. Leave for 30 minutes and then wash with their usual shampoo. No combing needed.

MORE TOP TIPS FOR NIT REMOVAL:

- ✦ Wash all bedding and any recently worn clothing in hot water.
- ✦ Vacuum upholstered furniture, rugs, soft toys and car seats.
- ✦ Recheck the scalp every day for two weeks.

KIDS

Our Story

It all started with our passion for watches that are a bit different, with history or having a story. Our love and appreciation of a fine timepiece remain, you can be assured we know our stuff. If you've spent any time at all around the luxury, new, vintage & pre-owned watch market, you will know the type of experience often offered. Inflated prices, a stock that's not available, long waiting lists & unhelpful & pushy salespeople.

We believe in a transparent way of doing business, honest, and upfront, providing value and a great experience.

FAIR

We offer a fair way to buy, sell & invest in watches by combining a low-cost business model & low margins.

FRIENDLY

We believe buying or selling a watch should be like dealing with a friend. We won't pressure you. We're always honest and transparent in our dealings, even if it means sending you to a competitor.

ETHICAL

It's not all about profit. We always strive to do business ethically, be environmentally responsible and make a difference to the causes we support.

Whether buying or selling, we expect great service & that's what we will give you, never pushy, just honest, friendly, polite & knowledgeable good old-fashioned great service. Unique & not easily replicated. **Chase Hattan is not your average watch retailer.**

SEAL PUP SAFARI

Have you ever yearned to see fluffy white seal pups in their natural habitat? If so, a trip to Blakeney Point in north Norfolk could be up your street.

Blakeney Point is home to England's largest grey seal colony – and winter's a great time to visit. From the end of October to mid-January, around 4,000 pups are born – and you can't fail to spot some.

What is Blakeney Point?

Blakeney Point is a four-mile stretch of pebbly beach with a backdrop of dunes, salt marshes and mudflats. It's one of England's 220 National Nature Reserves and is looked after by the National Trust.

Can I walk there?

You can walk to the point from the car park at Cley beach. But it's not for the fainthearted. It's a four-mile walk, mostly on shingle. But if you're fit and love nature, you're in for a treat!

What's the best way to get there?

The most exciting way to get a closer view of the

seals is by boat. Several companies offer seal-watching trips from nearby Morston Quay. You can travel there by car or on the Norfolk CoastHopper bus service from places like Sheringham and Cromer.

The boat trip will take around about an hour. Just remember the boat trip is for viewing only; you can't land there.

Planning ahead

Remember to book your seal trip in advance and get there early. Places on the boats fill up quickly, and the car park can be a challenge. Even on a warm day, the sea can be chilly and might splash you. So pack some warm clothes and some rain gear. And remember your camera and binoculars!

Let's talk seals

- > Grey seals are marine mammals
- > Adult Grey seals can weigh up to a whopping 300kg
- > Grey seals can live for 30-40 years
- > Britain has more than 120,000 grey seals – 40 per cent of the world's total.

If you think you know cruise, think again...

Dan Salmon,
Owner

Far more than just the handy perk of taking your high-end hotel with you on the journey, the cruise scene has had a resurgence.

The luxury of only having to unpack once and still be able to travel from one place to another in style has a huge appeal, but gone are the black-tie days.

In their place comes a new approach to slow travel that's all about bespoke sailing to the lesser-known destinations with enriching experiences and a healthy dose of adventure.

Here is a selection of my most beloved ocean-going voyages for your inspiration, from passing through charming coastal towns of the Adriatic to traversing across the equator exploring Indonesia's vibrant reefs and rainforests.

What's more, I can also arrange pre and post cruise stays, enabling you to extend your journey and enjoy every moment to its fullest. So please do get in touch if you may be planning a holiday on the water as I'd love to help.

Seabourn

Expansive, open decks and inviting social spaces. Gourmet dining to rival some of the world's finest restaurants and the most attentive of personal service; you'll feel the difference between being simply catered to and being truly cared for.

Explora

Not all cruise liners are made equal. Promising to deliver the 'ocean state of mind', newcomer Explora Journeys' holistic approach to onboard life is inspired by the peace and tranquillity of the ocean. Ships are designed to be homes on the ocean, with state-of-the-art technology and stacks of space and choice!

Scenic

Whether it's sampling culinary joys at one of up to ten dining options or hiking a section of an active volcano with a member of the Discovery Team, as expected, the exceptional and the unique are all to be enjoyed aboard Scenic Eclipse II.

Silversea

Arriving in the summer of 2024, brand new Silver Ray will be the second of Silversea's Nova Class ships. One of the most spacious ships ever built, she will feature a pioneering, asymmetrical design and extraordinary use of glass in both public areas and suites for uninterrupted views wherever you are.

Regent

Refined and relaxed, Regent Seven Seas' focus is to leave guests wanting for nothing. Dedicated staff anticipate wants and needs before you even know them. However, perhaps the most appealing feature is the immersive experience offered by onshore excursions at over 350 UNESCO World Heritage Sites.

A landlord's guide to improving your EPC RATING

Want to attract more tenants, help the environment, and potentially increase the value of your property? Here are some top tips to boost your EPC rating.

What is an EPC rating?

An EPC rating is a standardised indication of a property's energy efficiency. The minimum EPC rating for landlords of private domestic rented properties is E. However, the government has proposed that all rental properties will need a rating of C or above by 2028.

Triple glazing

Buildings lose most of their heat through their windows, which means that the better your glazing, the less energy your property will waste. Triple glazing is estimated to be around 40 per cent more thermally efficient than double glazing.

Solar panels

The cost of installing solar panels has dropped considerably in recent years, by as much as 82 per cent since 2010. However, they are still just as effective at making homes more efficient and raising your EPC rating.

Help from your energy supplier

If your tenants are receiving benefits such as universal credit, working tax credit or child tax credit, you may be able to get help with the cost of insulation and replacing or repairing the boiler. Your property must have a rating of E, F or G to be eligible.

How to achieve a higher EPC rating

Smart lighting

Your choice of lighting contributes to your property's EPC rating, with energy-efficient light bulbs, aka LEDs, generating less heat and lasting longer. Smart LED lighting can also be automated, which means that there is no need for light switches as all the lighting is controlled via an app.

Underfloor heating

Underfloor heating systems use less energy because they operate at a lower temperature.
