Fitted furniture may not be the first option that springs to mind when you're thinking of updating your home, but for many, it's the best option to maximise space, increase storage and create a look that feels true to you.

Here are a few reasons why it might just be right for you, from Sliderobes - the fitted furniture experts.

Extra storage

Inside a fitted wardrobe, you can add however many shelves, drawers and rails you need to hold your belongings - whereas with standard wardrobes, you're limited to the one rail or shelf that it comes

with. Sliderobes fitted solutions typically go from floor to ceiling, making the most of the height in your room, as well as the depth. Fitted options also don't have to have a back panel that creates a gap between the wardrobe and the wall, wasting space.

It's designed specifically for you, your L taste and your lifestyle

People often don't realise just how bespoke their fitted furniture can be. Sliderobes has a collection of colours, materials and finishes to choose from. How the wardrobe looks is your decision, right down to the door handles. Sliderobes designers learn about your preferences and use their knowledge of trends and styles to help you make the right design choices.

3 Well made and is long lasting With forty years of experience, Sliderobes knows a thing or two about quality to ensure your furniture stands the test of time and we're so confident in that, that we offer a 10 year guarantee. And, instead of you sitting down with an instruction manual and screwdriver, with Sliderobes, your piece will be installed by a professional fitter.

Suitable for every room in your home and **4** any awkward spaces

Fitted furniture works in any room in the home, from built-in media units in the living room to integrated home office shelving. It can also be designed around features like slopes, alcoves, chimney breasts or beams in our homes that create pockets of wasted space.

${f 5}$ It's an investment that can add value to your home

Fitted furniture is an investment but one that is so worth it, as you won't have to replace it as frequently. And if you're planning to sell your property, your fitted furniture can be an attraction, as storage space is a premium that prospective homebuyers are willing to pay for.

Editor's notes...

Hello and welcome to this month's edition of **VISION**EppingTheydon. It amazes me how small the world is and how we are all connected, especially when I am out and about. For example, I have known one of my contacts for ages and he has a famous comedian in his family, along with another contact who used to be a drummer for The Clash.

We just all seem to be more connected, especially with the six degrees of separation with social media and platforms like VISION.

I am consistently looking for ways to invest in our communities and support local businesses. To aid in our mission to do so, I recently

purchased an established business exhibition. The event will be held in Hertfordshire in October and is sponsored by London Stansted Airport. It will feature more than 60 stands and offers local businesses the chance to showcase their services. If you would like to know more, please contact me on the details below.

Finally, May 6 will see the coronation of King Charles III. There are many events being held to mark this historic occasion, and I'd encourage everyone to get involved with the celebrations.

THE VOICE OF FOOTBALL JOHN MOTSON OBE

CHPETTRAND, LINE

advantation and successive state

n occasion, sports commentators can be more famous than the very stars they report on. John Motson OBE ascended to such a level – larger than life in the best sense, instantly recognisable by sight or voice, and arguably the most iconic football reporter the country has ever produced. His death in February may have saddened the nation, but his legacy lives on.

"Oh, what a goal! What a goal! Radford the scorer. Ronnie Radford! And the crowd... the crowd are invading the pitch..."

These are the magical words that John Motson uttered as Hereford United legend Ronnie Radford – who himself passed away just three months before Motty – thundered an equaliser into the top corner, on a quagmire of a pitch, in an FA Cup third round reply against Newcastle United in February 1972.

The Salford-born Motson has since described this as the moment he put himself on the map at the BBC, as those in power quickly pushed a three-year contract his way and promoted him to their commentary team for high-profile matches.

Motty's contribution to English and international football folklore past that point is mesmerising. He covered 29 FA Cup finals, 10 FIFA World Cups, 10 UEFA European Championships, and more than 200 England national team matches.

Motson's first work with the BBC was as a sports presenter on Radio 2, in 1968. He stepped up for his first radio commentary game a year later, in December 1969, as World Cup winner Alan Ball scored the only goal in Everton's victory over Derby County at Goodison Park.

"It felt like the start of something big for me," Motty said in a recent interview, "and really it was my absolute dream to be commentating on football.

'He covered 29 FA Cup finals, 10 FIFA World Cups, 10 UEFA European Championships, and over 200 England national team matches'

"Whether it was Wembley in front of 90,000 or a non-league game in front of a few hundred, the pleasure was in covering every shot, every run, every pass. I do believe I have been so, so lucky."

While fans can reel off Motty's commentary to accompany special moments for their respective sides, there were darker moments in the broadcaster's career too. Indeed, on April 15, 1989, during an FA Cup semi-final between Liverpool and Nottingham Forest, Motson had to draw upon professionalism and humanitarianism, while keeping his emotions intact, as the horrific events of Hillsborough unfolded in front of him. He later appeared as a witness at the Hillsborough inquiry.

While his own club allegiances were kept secret for much of his professional career – which also branched out into radio commentary for BBC 5 Live and talkSPORT – Motty actually revealed in his book that he was a Chelsea fan.

"When I got to *Match of the Day* in 1971, Chelsea was my first commentary. Somehow, my Chelsea loyalties were pushed into the background, as I always wanted to be unbiased and neutral.

"I deliberately avoided answering honestly when someone enquired who I supported. 'Barnet' was my usual response!"

Motson, who was famous for his sheepskin coat, had an encyclopaedic knowledge of the game, and always carried with him his own self-penned book of statistics relating to the clubs he was covering.

He passed away peacefully on February 23, 2023, aged 77 years old, thus concluding more than half a decade of exemplary service.

The influence he had over the modern game has been immense, and will continue to be even after his passing.

magine coming face-to-face with a creature four times as long as a London bus and weighing as much as 15 African elephants.

Sadly, the colossal titanosaur that meets this description, probably the largest-ever land creature, died out about 66 million years ago. But from March 31, the Patagotitan mayorum will be displayed in Europe for the first time at London's Natural History Museum.

So what can you expect to see? For starters, you can walk beneath the spectacular titanosaur cast, moulded from the most complete fossil specimen ever discovered. But there's so much more to this interactive exhibition than that.

While you're gawping in awe at the Patagotitan, you can also check out the plants and animals that were around at the time by admiring the surrounding illustrations. And you can follow the life history of a titanosaur on film, from its birth from a football-sized egg to a fully grown adult.

You can also handle fossil specimens, stare into the creature's giant skull, measure yourself against its massive thigh bone, and even smell its poo.

The original Patagotitan fossil consists of bones from seven creatures, found in the same area just nine years ago. It all began when an Argentinian farmer spotted his lost sheep on an odd-looking rocky ledge. Dinosaur finds in the area aren't rare, so he called the scientists in to get their thoughts. The rocky ridge turned out to be a thigh bone of a new species – the biggest dinosaur ever.

Life as the Biggest Dinosaur is open from March 31, 2023, till January 7, 2024, at the Waterhouse Gallery, National History Museum, South Kensington. The exhibition is suitable for children aged five and over. Tickets cost £16 for adults and £9 for children. Concessions and family tickets are available.

GUIDE TO e eyelas

V ould you love to have luscious lashes? While not everyone is born with long, fluttering eyelashes, you can fake it with some high-quality falsies.

INDIVIDUAL lashes are a great choice if you want a subtle boost to the fullness and length of your natural lashes. You can get individual packs of lashes in sets of 30-60 strands and in a wide variety of lengths. Apply each individual lash using a pair of tweezers or a lash applicator.

CLUSTERS, which are sometimes referred to as flares or accents, are ideal for those who do not want to

apply a full strip of lashes. These can be strategically applied to create a number of different looks and are often used on the outside corners of the eyes to create a cat-eyed effect.

STRIPS are the most common type of false eyelashes and come as a horizontal band that you apply across your entire upper lash. With the ability

to add drama and volume, full lash strips are typically applied with lash adhesive and tweezers.

ONNEELY GROUP

MAGNETIC lashes are a relatively new addition to the world of false eyelashes, and are perfect for anyone who struggles with the

gluing stage of the application process. Gentler on the skin and on your natural lashes, magnetic lashes can be easily applied with just magnetic eyeliner and a pair of tweezers.

EXTENSIONS are for if you want a fuller look all the time; they offer an effective and highly aesthetically pleasing solution. However, it is worth noting that eyelash extensions do not come cheap, and that regular maintenance is needed to keep them looking their best.

Bananas about

s well as being delicious, bananas are also one of the healthiest foods around. And what better time to celebrate them than National Banana Day on April 19?

LOOK AFTER YOUR HEART

Bananas are rich in potassium, which can help lower your blood pressure and prevent your arteries from becoming stiff.

4 TAKE CARE OF YOUR DIGESTIVE SYSTEM

The starch in bananas breaks down and becomes food for the beneficial bacteria in your gut. The pectin, meanwhile, can help keep you regular. Because bananas are relatively low in calories but also filling, they can also play a part in maintaining a healthy weight.

AVOID TYPE 2 DIABETES

The vitamin B6 and fibre in bananas may reduce your risk of type 2 diabetes. But if you already have this condition, ask your health professional before eating more bananas because they contain a lot of sugar.

MPROVE YOUR WELLBEING

The vitamin B6 in bananas can help you sleep, while the magnesium can help your muscles relax. What's more, tryptophan, which converts into serotonin, together with the antioxidants also contained in this popular fruit, could help improve your mood.

BOOST YOUR ENERGY

The sugar and fibre in bananas will give you an instant energy boost. At the same time, potassium may reduce the risk of muscle cramps. This makes them a good snack both before and during exercise.

NOT JUST FOR EATING

Try these unusual uses for bananas:

- > Use banana skins as a garden fertiliser chop them up and mix them in the soil around your plants
- > Tape a small piece of the inside of a banana skin to a wart or verruca to help remove it
- Mash up a banana and use it as a face mask it will hydrate your skin and help reduce blemishes
- Use the inside of a banana skin to give dull houseplant leaves a shiny new finish.

ring Cleaning

t sounds like a line to make us splash out on new dusters and mops, or perhaps a government message to promote hygienic homes. But according to psychologists, cleaning our homes in spring really can boost our mental health.

First of all, most of us feel our energy levels increase as the days become brighter and longer. We want to pack away our winter clothes, get outdoors, and clean and reorganise our homes.

Many people find that cleaning their home makes them feel good and gives them a sense of mastery over the world around them. While many of us profess to hate housework, regularly cleaning your home is known to have positive effects.

"A lot of people do find cleaning to be very satisfying, but also to be a very good way of managing stress or anxiety," explains Dr Dawn Potter, a

clinical psychologist from Cleveland, USA.

When people are facing problems they can't solve or feel overwhelmed, she continues, cleaning can help restore a sense of control and calm.

IS GOOD FOR YOU

Whether vacuuming your carpet wiping or your kitchen counter, household chores are also easyto-achieve acts of mindfulness. While you're doing them, you naturally concentrate on the task and your worries take a back seat, at least for a while.

There are also more obvious benefits to keeping your home clean and tidy. Who doesn't want to wake up somewhere clean and bright - and return home to it at the end of the day? If you work from home, this is even more important.

On the flip side, if your home environment is a mess, it can make you lose confidence and feel unorganised.

So now you have no excuses. Roll up your sleeves, grab your Marigolds and get stuck in this spring.

THE BEST APPS TO CUT DOWN ON FOOD WASTE

he UK was responsible for 9.52 million tons of food waste in 2018 alone. If you are currently wasting a lot of food, then don't worry, it is never too late to turn things around.

FOOD

Ø

DRINK

Check out these top four apps that promise to help you cut down on food waste and save money in the process.

One of the biggest causes of food waste is uneaten leftovers and unsold items in restaurant kitchens, fridges and cupboards. The Too Good To Go app looks to reduce this by inviting people to take advantage of unsold food at a highly reduced cost. Shops and restaurants sign up to the app and then sell bags of food based on what they have left at closing time. App users can then go and collect the food.

Olio allows you to access surplus food from other households in your local area. You can choose to either take a photo of any unwanted food that you have for your neighbours to collect, or you can search for surplus food for your own family. You can also become a Food Waste Hero by collecting unsold food from local businesses and listing it on the app.

KARMA

The Karma app works in a similar way to Too Good To Go and allows you to purchase takeaway food at a highly discounted price. Once you are signed up, you can earn loyalty bonuses every time you place an order.

NOSH

Nosh is an Al-based app that helps you to track the food you have in your own home. Users can view expiry and use-by dates all on one screen, and prioritise what items they need to eat first. You can also receive recipe recommendations and a suggested weekly shopping list based on your buying and wasting habits.

A SLICE OF A HISTORY

nere are some stories you wish were true - and the myth behind Simnel cake, the marzipan-covered fruitcake popular at Easter, is one of these.

Back in the mists of time, a certain Simon and Nelly apparently fell out while making a fruitcake. One said it should be boiled:

the other wanted to bake it. After a squabble, they settled on using both cooking methods. The resulting cake was named after both of them.

Simnel cake dates back to the 17th century when live-in staff returned to their families around Lent, often bringing food with them. By the 19th century, Simnel cakes looked like the cakes we know today, complete with 11 balls of marzipan to represent Jesus' apostles - minus Judas, the traitor.

FOR THE CAKE: 175g light brown soft sugar 175g soft butter (plus extra for greasing) 175g selfraising flour 3 large eggs 50g ground almonds 3 tbsp milk 200g mixed dried fruit 100g glacé cherries, guartered 2 tsp mixed spice powder

FOR THE TOPPING: 450g golden marzipan 3 tbsp apricot jam 1 egg, beaten

HOW TO MAKE:

- > Preheat the oven to 160°C/Fan 140°C/Gas 3.
- > Grease a deep 20cm/8in cake tin and line it with baking paper.
- > Put all the cake ingredients into a large bowl and beat well.
- > Spoon half the mixture into the tin. Roll one-third of the marzipan into a 20cm/8in circle. Place it on top, then add the rest of the cake mixture.
 - > Bake for 1.5-2 hours till golden brown. > Remove from the tin and cool.
 - > Warm the apricot jam over a gentle heat on the hob before using to brush the top of the cake.
 - > Roll half of the remaining marzipan into a circle, just bigger than the cake. Place it on top and crimp around the edges.
 - > Make 11 balls from the remaining marzipan and place them around the edge of the cake.
 - > Liahtly brush the marzipan with the egg and grill carefully for about five minutes.

Shake your

orget weird little pompom creatures with googly eyes.; these fuzzy balls of fun have just got a whole lot cooler.

Pompoms have been decorating the tops of hats for centuries; even Vikings wore them. More recently, they've been spotted on the hats of soldiers, sailors, priests, and all manner of berets and beanies.

How to make.

Traditionally, pompoms are made using two cardboard circles.

- For a 6cm diameter pompom, draw and cut out two cardboard circles, each 5.5cm diameter.
- Then draw and cut a section out of the circles and cut a 2cm hole in the centres.
- Place the two circles together.
- Using long lengths of yarn, feed your yarn through the centre hole and wrap all the way around the edges of the circles and back up. Continue till the hole is nearly full.
 - Break the yarn, then push your scissors between the two circles from the outside edge and cut through the yarn all the way around.
 - Tie a length of yarn very tightly around the middle then remove the circles.
 - To finish, just give your pompom a neat haircut.
 To speed things up, get hold of some pompom makers from your local craft shop or online; they only cost a few pounds.

Pompom ideas:

- \bullet Use your pompoms to create furry animal decorations add googly eyes and even little ears and tails cut out of card
- Hang them on a key to make a keyring
- Make a pair of dangly earrings
- Thread them on a long piece of yarn to make a garland
- Sew a large pompom or three smaller ones onto the corners of a plain cushion
 Attach them around the top of a plain basket
 - For some simple wall art, hang a few lengths of yarn from a piece of dowel and thread a few pompoms on each.

SPR NG REBOOT

Spring cleaning is all very well. But sometimes you might feel the need to do something more. So why not bring in the new and throw out – or better still, recycle – some of the old? You'll feel energised and refreshed, all ready for the brighter days ahead.

ADD A SPLASH OF COLOUR: The terracotta and dark greens we all loved in winter can look a bit dowdy in spring, so perk things up with something brighter. Yellow, bright green and pink can all liven up a home. You don't need to redecorate completely; painting a piece of furniture in a new colour can help to put a fresh spin on things. And if you don't want to go that far, add a few cushions, lightweight throws or an art print. Floral designs are perfect and look great with stripes or gingham.

BRING IN THE GREEN: Not the colour this time, but foliage. Think fresh flowers, potted plants and terrariums. If you want to be super-thrifty, a bunch of wildflowers from the garden can look great when arranged in a big glass jar. Have a hunt for some unusual containers – galvanised watering cans, terracotta pots and woven baskets can all work well.

LIGHT UP YOUR LIFE: You won't have to draw your curtains or blinds so early with the longer evenings. This is often enough to make your room look bigger and brighter, but don't forget to wash the windows. If you like, add some inexpensive sheer curtains. You could also choose some springscented candles – though remember to follow safety guidelines.

GET MOVING: Rearranging existing decorations costs nothing and can give a room a new lease of life. Try moving mirrors, lamps and furniture to see how it makes you feel.

Above all, have fun!

Their style works in contemporary apartments and Victorian period properties, highlighting nune's talent for transforming spaces into liveable works of art.

How to get the nune look

The great thing about the nune aesthetic is that it can be simple to create in your own home. Some great tips to refresh your space and embrace the nune style include:

- Keep spaces light and airy by choosing lighter colours for your walls and flooring, like white, cream, beige and grey, and bring in black, grey and wooden accents to add some contrast.
- Take a minimal approach. Add storage to hide clutter for spaces that are easy to maintain. This will also help to create a more calming environment.
- Use abstract art to add touches of personality to your space. Finding artwork that complements your colour scheme can help keep the look simple but coordinated.

> Use soft textures like fluffy or knitted cushions

and throws to add cosy vibes, ideal for making a home feel warmer during the colder months.

The nune style is an easy one to recreate in your own home and can be budget-friendly.

TTVE USES

f you have a feline friend, then chances are you always have a bag or two of cat litter in your cupboard. But did you know that this pet essential also has many other uses in the home?

TO ABSORB ODOURS FROM SHOES

If you or anyone in your household suffers with smelly feet, then you may be interested to know that cat litter is highly effective at absorbing unpleasant odours. Simply sprinkle a small amount in the offending footwear, leave for 30 minutes and then pour out.

TO MOISTURISE PLANTS

Cat litter is great at retaining moisture, which means it is perfect for use in the garden. When planting shrubs, trees or new flowers, add cat litter to the hole in the ground and then fill with soil. You can also use cat litter to keep houseplants hydrated.

TO PREVENT SLIPPING ON ICE

Icy pathways and steps are incredibly hazardous, but can easily be remedied with just a sprinkling of cat litter. It is very similar to the grit that is used on roads; pour anywhere where you see ice to help prevent accidents.

TO DRY FLOWERS

If you have some cut flowers that you would like to preserve, then all you need to do is place them in a tray of clean cat litter and then wait for all the moisture to be absorbed. Take note, this can take several days.

TO SALVAGE A MOBILE PHONE

If you have dropped your phone in the bath - or worse, the toilet - then cat litter is even more effective than rice at stopping the liquid from getting into the device. Simply slide your phone into an old sock, fill with cat litter and leave for one or two days.

GARDI

ooking for a simple way to add interest and style to your garden or patio area? Garden obelisks are one of the most versatile structures available and can be used effectively in any outdoor space, no matter how big or small.

WHAT ARE GARDEN OBELISKS USED FOR?

Garden obelisks are commonly used to support flowering plants and can act as a stunning focal point in your garden. They are usually made of wood or metal, and are perfect for defining the entrance to your garden, adding an extra dynamic to a seating area or even placing in a conservatory to bring a touch of the outdoors in.

TOP TIPS FOR ADDING OBELISKS TO YOUR GARDEN.

- Make sure you place each one on a flat piece of ground
 Run, the fact of the shaller in the soil to prove tit from
- > Bury the feet of the obelisk in the soil to prevent it from falling over
- > Opt for a larger size to accommodate growing plants
- > Hang bird feeders off an obelisk to attract birds
- Place in a circular flowerbed to create a showstopping centrepiece

BEST PLANTS TO GROW UP YOUR GARDEN OBELISK:

Clematis | Wisteria | Sweet peas | Star jasmine | Common ivy | Morning glory | Climbing roses

HOW TO CHOOSE A GARDEN OBELISK:

When choosing a garden obelisk, there are several factors you need to consider:

- 1. Is it weather resistant?
- 2. Does it come pre-built or is construction required?
- 3. Is it the right height for your chosen plants?
- 4. Do you want a garden obelisk that is designed to rust for a more authentic look?
- What type of finial do you want? (This is the decorative feature that sits on the top of the obelisk)

WHERE TO BUY GARDEN OBELISKS:

While you can make your own garden obelisk, you will need a certain amount of DIY expertise and a number of tools to do so. Therefore, you may prefer to purchase one either online or in a store. Most garden centres offer a range of obelisks to choose from.

DGEHOG

edgehog numbers are in decline in the UK, so it has never been more important for us to take care of our prickly pals. Here's how you can look after the hedgehogs in your garden and keep them happy throughout the year.

WHAT DO HEDGEHOGS EAT?

If you want to encourage hedgehogs to visit your > Place food in a shallow dish and place this in a garden, then you can supplement their natural diet of worms, beetles, earwigs and caterpillars by leaving out food and fresh water. Some foods that hedgehogs enjoy are:

- >Tinned cat or dog food
- > Crushed dog or cat biscuits
- > Meat-based hedgehog food

If you notice very young hedgehogs in your garden (roughly apple-sized), then you need to soak any biscuits in water before leaving them out.

WHAT SHOULD YOU NEVER FEED **HEDGEHOGS**?

You should never leave out milk or bread for hedgehogs as the former can cause diarrhoea and the latter is not very nutritious for these small mammals. Mealworms can also cause health problems when consumed in large quantities.

WHEN TO FEED HEDGEHOGS **IN YOUR GARDEN**

It is a good idea to put food and water out for hedgehogs all year round. In spring, this will give

them a boost after hibernation, while in summer and autumn, it will help them to build up fat reserves to survive the winter. During periods of hot and dry weather when natural resources are scarce, fresh water and food is even more important.

HOW TO FEED HEDGEHOGS SAFELY

- sheltered area of your garden
- > Remove any uneaten food each day and refill with fresh water and food
- > Clean the dishes daily using hot, soapy water and then rinse well to reduce the risk of spreading diseases between different hedgehogs.

GOOD MORNING

LOOKING BACK OVER A PRESENTING LEGACY THAT CONTINUES TO GROW FOR SUSANNA REID, ONE OF OUR FAVOURITE BROADCASTERS

Susanna Reid is synonymous with newscasting in the UK. The 52 year old is the sometimes friendly, sometimes fierce face of breakfast TV, and in 2023 celebrates two decades of waking up those in the UK to the news and views of the world.

The journalist has accomplished something many set out to do, yet few achieve – presenting the news with confidence, balance and no small amount of personality.

"I think they are skills which emerge over time, and you can only really learn on the job," says Reid, who made a controversial switch from the BBC to ITV in 2014. "I think in my early days, I was certainly a lot more stunted in my delivery. In many ways, a presenter or interviewer puts too much pressure on themselves, when they should just let the interviewee, or the news item, do the work for them.

"And I don't think I'm the finished article yet, either," she continues. "The news and the technology evolve all the time, so the blueprint for what we do changes in similar ways."

Reid built her name for exemplary broadcasting when she started work as a news producer for BBC Bristol back in 1994. She later joined BBC News 24, getting her big break one night when the 11pm presenter did not arrive on set. That stand-in role soon turned into a permanent position, and she later moved into rather more sociable work on BBC *Breakfast* (notwithstanding the 3am alarm calls), presenting alongside the late Bill Turnbull, as well as Charlie Stayt and Sian Williams.

Having also appeared on *The Andrew Marr Show* and as the host of the BBC's Oscars coverage, in 2014 Reid scoffed at rumours she was going to defect to ITV, saying: "If you cut me open, I'd bleed BBC."

Yet a month later, ITV announced their impressive scoop, with Reid signing a £1million-a-year contract to front *Good Morning Britain* alongside the likes of Ben Shephard and Piers Morgan.

Reid has interviewed an impossibly wide cross-section of people from the worlds of sport, entertainment and more. She is known to be particularly resilient when coming up against politicians, and has famously sparred with former Prime Ministers Boris Johnson and David Cameron, as well as Nigel Farage and Sir Keir Starmer.

In spite of Reid's relentless schedule, she has cultivated a busy and rewarding homelife, and has three children with her journalist ex-husband Dominic Cotton.

In addition, she has proved herself to be unafraid of stepping above the parapet of the traditional broadcaster, appearing on *Strictly Come Dancing, Gogglebox* and *Tipping Point*, and is a fan of Premier League club Crystal Palace.

"I think if I spent my whole life reading and presenting news on everyone else that would be pretty dull," she laughs. "I'm not one of those people who wants to put themselves in everyone's faces, but if the opportunity arises to do something exciting, then I will take it.

"My main focus has been and will always be helping viewers get motivated for the day. That can sometimes be difficult when the news is negative, but we always do our best to put a positive shine on things and to get smiles on people's faces."

Man arrested following fatal collision

Police are appealing for information after a man died following a collision in Theydon Bois.

Officers were called to Poplar Row just after 10.15pm on Sunday, March 12, following reports of a collision involving a Smart car and a pedestrian.

The pedestrian, a man in his 80s, died at the scene. The driver, a 20-year-old man, was arrested on suspicion of causing death by dangerous driving.

If you have any information, CCTV, dashcam or other footage in relation to this incident, please get in contact with the police by submitting a report online at www.essex.police.uk or calling the nonemergency number 101, quoting incident 1277 of 12 March.

Community heroes recognised at awards

Members of the Epping community were honoured at a prestigious awards ceremony last month.

The community came together on Friday, March 17, for the Epping Forest District Council (EFDC) Civic Awards, which recognise those who work tirelessly to support their communities.

The Team of the Year Award went to the Epping Playground Association, collected by Siobhán Garrett (pictured second from left, top row) who raised £176,000 for a new playground at Lower Swaines Recreation Ground.

Epping St John's School pupil Falak Hussain (pictured second from right, top row) took home the Youth Council Cup for her role as a youth councillor, volunteering for events such as the Dementia Fayre and Ride London. Falak is also the Youth Council Representative for Safer Epping.

Also recognised was 15-year-old Rebecca Gardiner, who received the Epping Forest District Council Sports Award. She had previously been selected to be part of British Cycling's National School of Racing programme 2022-23.

Councillor Mary Sartin, chairman of EFDC (pictured bottom row, fourth from left), said: "What a wonderful awards ceremony. Thank you to all our presenters for doing such a sterling job, and congratulations again to the winners and runners-up."

DAME ELEANOR LAING MP

Epping Forest

Darliament is full of fascinating people. It is what makes it such a unique place. We were sad to hear the recent news that Baroness Betty Boothroyd (pictured above left) had died. At the age of 93, she had had a wonderful life. Most notably, she was the only woman ever to have been Speaker of the House of Commons. As a pioneering politician, overflowing with wisdom, kindness and personality, she was also an inspiration.

She presided over the House with natural authority. What a wonderful voice she had. When Betty issued an order, you obeyed.

My abiding memory is not of Betty in the Chamber, but of Betty entertaining in Speaker's House at one of her soirées. She announced that we would finish the evening with a chorus of Knees up Mother Brown. We were clearly under orders to come forward and dance. I was 30 years younger than Betty, but even then she

could kick much higher than I could.

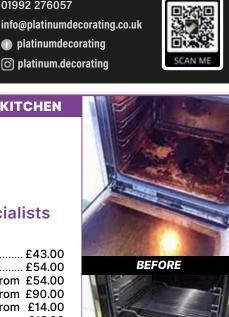

I was sitting next to the chair when Betty made her valedictory speech in 2000. I remember holding back the tears. She held the House enthralled, her dignity, pride and affection emanating in equal measure from her words. As the genuine sadness at her imminent departure resounded around the benches, Betty paused, raised her head and said: "Be happy for me." My tears turned to a smile and I thought: "What a lady. What a performance. What a way to go".

When Betty moved to the House of Lords, as Baroness, I still saw her frequently, and she gave me valuable advice when I became Deputy Speaker.

Betty was not only articulate, clever and determined, she was also elegant, amusing and feminine. My generation of female politicians will always be grateful for her pioneering spirit and for the shattered glass ceilings she left behind.

o you reach for your trusty bottle of Calpol whenever your child shows the first signs of illness? If yes, you should know that there are alternatives to this popular painkiller.

CHAMOMILE TEA

If your child is suffering with a headache, then a cup of chamomile tea can help to relieve pain and soothe them to sleep. Encourage them to take small sips and add a natural sweetener such as honey if they don't like the taste.

COOL LAVENDER COMPRESS

For children with a temperature, a cool lavender compress can work wonders. Simply dip a cloth in cool (not cold) water with a few drops of lavender oil and then place on their head, chest or legs.

WITCH HAZEL COMPRESS

Another effective natural remedy for headaches, a cold compress with a bit of witch hazel can be placed directly on the forehead for instant relief.

TEA TREE OIL SPRAY

Tea tree oil has been proven to help the body fight off infections as it contains active bacteria-fighting chemicals known as terpenes. Fill a spray bottle with water, add a few drops of tea tree oil and spray around the room or directly onto their body to soothe any inflammation and reduce a high temperature.

PLENTY OF REST

When your child is unwell, the most important thing to do is ensure that they have sufficient rest. Don't be afraid to let routine go out the window and allow your child to nap as and when they want to. If they have a headache, a dark and quiet room is a must.

WHEN TO CALL YOUR GP:

KIDS

 If your child is under three months old and has a temperature of 38°C or higher
 If your child is between three and six months old and has a temperature of 39°C or higher
 If your child has other signs of illness, such as a rash
 If your child has a high temperature that has lasted for more than five days
 If your child is dehydrated.

DOES YOUR DOG HAVE A SKINCARE ROUTINE? HERE'S WHY SKINCARE IS SO IMPORTANT FOR YOUR DOG'S OVERALL HEALTH AND WELLBEING

WHAT ARE THE MOST COMMON CAUSES OF SKINCARE ISSUES IN DOGS?

Dogs are susceptible to many of the same skin problems as humans, and these are typically caused by the following: Poor nutrition | External allergies or bites | Parasite infections | Skin conditions such as seborrhoea | Food allergies | Bacterial infections

HOW TO BUILD A SKINCARE ROUTINE FOR YOUR DOG Wash them regularly

On average, you should wash your dog once a week to preserve their skin and coat. However, this can vary depending on breed, with very active dogs requiring more frequent bathing. Always use two applications of shampoo: one to cleanse the coat and skin of dirt and old skin cells, and one that should be left on for 10-15 minutes, to penetrate the skin.

Protect them from pests

Flea control is a must if you want to keep your dog's skin in optimal condition. Use flea prevention treatments all year round and visit your vet regularly for check-ups.

Focus on good nutrition

The foundation of healthy skin is nutrition, so you need to make sure that your dog is getting a complete and well-balanced diet. You don't need to buy the most expensive dog food on the market; you only need to ensure that their diet fits their needs.

Apply sun cream

Dogs can suffer with sunburn in the same way you can, especially those with short hair or light skin. Therefore, it is vital that you apply sun cream that is specially formulated for dogs

during the warmer months of the year. You can also buy animal clothing that offers UV protection.

Be a part of it **BSMB** -**The Next Chapter**

VISION editor Brett Shohet has taken over the reins of a prestigious business exhibition in Bishop's Stortford.

Brett, owner of the B7 Media Group, is the new organiser of the Bishop's Stortford Means Business (BSMB) exhibition, which attracts more than 350 participants every year and has the slogan 'Be a part of it'.

Sponsored by London Stanstead Airport, BSMB dates back to 2001 and was founded to provide an opportunity for businesses large and small to present their goods and services to the community.

Speaking about why he decided to take over the exhibition, Brett said he will be continuing the ethos of the exhibition,

> bringing creative ideas to support both new and loyal exhibitors and encourage even more visitors to attend.

He said: "I am consistently looking for ways to invest in our communities and promote local businesses.

"This exhibition is the next step in expanding and growing the Vision brand and we are hoping to roll out

the exhibition to more areas in the future.

"In turn, this will help give local businesses the chance to promote and showcase their products and services." Brett also wanted to express his gratitude to former organiser Robert Lee, who has been championing businesses across the community for more than 20 years.

...BEST ARTIST EVER?

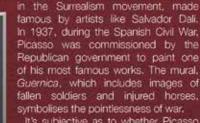

(cos)

Pablo Picasso, who died 50 years ago this month at the age of 91, wasn't just a painter. He was also a sculptor, printmaker, ceramicist, stage designer and writer. At times, he was almost as famous for his complicated love life as his art – and the many women in his life played a massive role in his art.

Picasso was born in Malaga, southern Spain, in 1881. In 1904, aged just 23, he moved to Paris. The French capital was the centre of avante-garde art – experimental art that challenged the norms of the time.

Picasso produced so much work that art historians have divided it into eight categories. The best-known is Cubism, which Picasso co-invented with fellow artist Georges Braque around 1910. Cubism involves painting an object from lots of different angles and combining them into the same picture.

Between the two world wars, Picasso became heavily involved

It's subjective as to whether Picasso is the best artist ever. His technical skills were as good as anyone's – he could produce paintings like old masters while still in his teens. But what's certain is that no one in the 20th century influenced art quite like he did.

hey say your holiday begins as soon as you arrive at the airport, which makes getting it right, pre-flight, all the more important.

Here's our list of departure lounge dos and don'ts.

DO relax

Finally, your break from work and from the stresses of everyday life can begin. It's important to take time to relax – you deserve it!

DON'T stress about time

While it's important to be on time at the airport, it's also worth remembering you have plenty of time. Most pre-flight stresses come about because people panic they will miss their flight, but keeping a clear head is important, even if the departure gate seems like it's in a different postcode!

DO refresh

Although it's easy to grab a snack once in the air, buying a sensible meal and drinks after you pass through security is a good idea before a long flight.

DON'T be excessive

Many people celebrate going on holiday by having a tipple or two before the flight. While it might seem like a good idea at the time, arriving at the airport early or filling time if your flight is delayed, means it's easy to drink too much. If that happens,

you run the risk of being turned away at the gate.

DO organise hand luggage

Keep a close check on luggage allowance, and remember that the items you carry on board need to be scrutinised. Liquids of no more than 100ml should be kept in a single, transparent, resealable plastic bag which holds no more than a litre and measures approximately 20cm by 20cm. This should be placed at the top of your hand luggage, together with any electrical items.

However, restrictions on liquids and electrical items are on their way out. Airports in the UK have until June 2024 to install new security technology, which will mean passengers can carry up to two litres of liquids and large electrical items in cabin luggage as they go through security. London City Airport has already put this new technology in place, thereby reducing hassle for passengers.

DON'T overdo the shopping

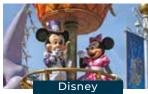

While it's tempting to pick up booze, fragrances and all manner of other discounted items in the departure lounge, it's much smarter to do this on your return journey. Anything you buy in the airport before your outbound flight will contribute to your baggage allowance on your return flight. Whereas if you save your airport shopping for before your inbound flight, anything you buy can go in your hand luggage.

SIX ICONIC CLASSIC CARS THAT WON'T COST YOU THE EARTH

When Land Rover ceased production of the Defender back in 2016, the price of those remaining was expected to rocket, but it hasn't happened.

Instead, you can pick up this classic rural runaround for well under £10,000. The only warning will be that many may have lived a life of being slung around country roads and farms, and the repair bills can be punchy.

PORSCHE 924

A Porsche for under £5,000? It's possible. While the 924 hasn't gone down in the motor annals as one for the purists, this mid-80s master still looks incredible, and the pop-up headlamps are a thing of beauty.

very year, on the last Sunday in March or the first Sunday in April, two of Britain's most prestigious universities battle it out in a gruelling 4.2-mile Boat Race along the Thames.

BOAT RACE

SPORT

On March 26 this year, the eight Cambridge men plus a coxswain were first across the finishing line and now have 85 victories compared with Oxford's 81. Only once has there been a dead heat – back in 1877.

WHY ALL THE FUSS? The Boat Race is a symbol of fierce academic and sporting rivalry between the two universities. It's also a tough test of strength, endurance and strategy. Rowers spend months ensuring they're at peak mental and physical fitness on race day.

The Boat Race is also steeped in history and tradition. The first event was held in 1829 and has been held almost every year since, except during the First and Second World Wars and the COVID-19 pandemic in 2020.

Watching the race live makes an exciting and lowcost day out, and every year thousands of people line the riverbank and stand on the bridges to watch the event.

RIVALRY

on the River

WHAT'S THE ROUTE? The race starts at Putney Bridge and the teams navigate several bridges, including Hammersmith Bridge and Barnes Bridge, before reaching the finish line at Chiswick Bridge. One of the most challenging parts of the course is the stretch of the river known as the Tideway, near the Houses of Parliament and the London Eye. This part of the river is subject to strong currents and tidal changes, making rowing difficult.

IS IT JUST FOR MEN? Not anymore. The first women's race was held in 1964, and since 2015 the women's course has been identical to the men's. That said, the men's race is still the one that makes the headlines. This year saw the Cambridge women win the Boat Race, marking their sixth straight win.
