Tips & Tricks for planning your bathroom from

## OLY PUS BATHROOMS

*O* lympus Bathrooms was founded in 2018 by Husband and Wife, Joseph and Roxanne Baker. Joseph's background as a plumber and passion for design, paired with Roxanne's ability to organise and manage, created the perfect team.

Five years and two showrooms later, they are beginning to create their own bathroom showroom empire. They have a passion and a vision to bring a new and exciting attitude to the bathroom world and enhance the customer experience.

#### **Bathroom Design Tips and Tricks**

A few tips and tricks from Lucymai Looker, showroom manager at Olympus Bathrooms Essex.

A bathroom is not just a place to have a quick shower before work, it is a place to unwind and relax. Consider what helps you unwind, be it a rainfall shower, a freestanding bathtub or a platform beside your bath especially for that glass of wine you have been saving for a rainy day.

Lighting is continuously overlooked in bathroom design. You do not have to limit yourself to a LED mirror and a few spotlights. Consider including a sensor light below your wall-hung vanity unit for ease, adding ip44 rated LED strip lighting in your shower niche to make those feature tiles pop or adding a cluster of pendant lights above your bathtub for a calming evening soak.

Struggling to visualise what your new bathroom could look like? Or if those tiles you love will compliment the colour of the vanity unit you have in mind? That's where we step in. Bring along your Pinterest boards, magazine cut outs, samples, and let's discuss your exciting project. We can help to suggest design ideas, layouts, and bring your bathroom to life with our CAD software.

# Editor's notes...

Hello and welcome to this month's edition of **VISION**EppingTheydon. Recently, I helped to organise a business exhibition in the local area, and it brought to my attention how success is all about strengths - both your own and other people's. An efficient business owner will focus on what they do best, while delegating tasks to the other people on their team according to their skills.

The exhibition was a great success, and we're hoping to roll the event out to other areas next year - so watch this space!

Brett Shohet, Editor

One thing many residents are worried about at the moment is the

expansion of the Ultra Low Emission Zone (ULEZ). Some people are so outraged at the E12.50 per day charge that they've been cutting down ULEZ cameras. While there is no excuse for such

uandalism, I sumpathise with those residents who face this charge simply for driving to work, or to uisit family or to medical appointments. In these difficult times, it's important to know that you can turn to your community for support. As ever, we here at VISION magazine are here to help if you need us. With Christmas fast approaching, I'd like to encourage readers to shop local this festive season. Many people

have lamented their quiet high streets, but how many of them are actually getting out there and supporting their local businesses? Remember, if you don't use it, you'll lose it! Prett, Shahet,

#### MARKING THE 60TH ANNIVERSARY OF DOCTOR WHO – THE MAN, THE WOMAN, THE SHOW, THE MOVEMENT

Asking celebrities how they remain so youthful has become par for the course, but none has achieved as much ongoing success and vigorous relevance as the great Doctor, who at 60 is looking pretty fresh.

On Christmas Day, the Doctor's latest regeneration will be revealed, but not before some highly anticipated TV specials for the show's anniversary in November.

Making his grand return as the fourteenth Doctor, fan favourite David Tennant is set to wow once more for three anniversary episodes. The Scottish actor originally starred as the tenth Doctor from 2005 until his final episode aired on New Year's Day in 2010. Catherine Tate will also reprise her role as the Doctor's companion Donna Noble, with Neil Patrick Harris also joining the cast.

Though Patrick Harris is a newcomer to the *Doctor Who* fold, his character, The Toymaker, is not. First appearing in a now classic episode titled *The Celestial Toymaker*, from the show's third season in 1966, he was originally portrayed by actor Michael Gough.

The Toymaker is a memorable antagonist owing

to his whimsical yet sinister demeanour and his ability to create intricate and deadly challenges for the Doctor and his companions. The character's distinctive appearance and personality have made him a notable figure in the show's lore, one that aligns perfectly with Patrick Harris' dramatic and theatrical flair.

VICE THE BOX

POLICE ME

One of the greatest success stories for the BBC, *Doctor Who* began in 1963 when Sydney Newman OC, the corporation's head of drama, tasked producer Verity Lambert OBE and writer Anthony Coburn with creating a TV science fiction series. Their vision gave birth to *Doctor Who*, a show that would combine history, adventure and futuristic concepts in a unique way. William Hartnell portrayed the original incarnation of the Doctor, a mysterious Time Lord with the ability to regenerate. The Doctor, along with his granddaughter Susan and two teachers, Ian and Barbara, travelled in the TARDIS, a time machine that looked like a

1960s British police box on the outside.

The series is listed in the Guinness World Records as the longest-running science fiction television series in the world, with Tom Baker holding the title for starring in the highest number of episodes – a whopping 178.

> Despite its popularity, *Doctor Who* faced a significant hurdle in 1989 when it went on an extended hiatus. Aside from a TV film in 1996, the Doctor would not be fully regenerated until 2005.

> > This was the beginning of the show's modern era, helmed by writer and showrunner Russell T. Davies OBE and starring Christopher Eccleston as the ninth Doctor.

> > > The most recent revamp of the series sees Davies return as the showrunner, taking over from Chris Chibnall who

introduced Jodie Whittaker as the 13th Doctor. Hot on the heels of his 2021 success *It's a Sin,* and with *Sex Education* star Ncuti Gatwa playing the 14th Doctor, Davies is in a fine position to return the show to its noughties glory.

#### SHOWCASING HIS PASSION FOR CONSERVATION AND EQUALITY

hen His Majesty King Charles III was crowned, he thanked the public for their • 1p coin: Hazel dormouse... which has seen its kindness and encouragement, and vowed that he and Her Majesty Queen Camilla would rededicate their lives "to serving the people of the United Kingdom, the Realms and Commonwealth".

Putting his money where his mouth is, quite literally, the edge inscription of the new £2 coin reads 'In servitio omnium', which means 'In the service of all'. It was taken from the King's inaugural speech on September 9, 2022, and chosen by him personally.

The coin is one of eight that have been unveiled by The Royal Mint, ranging from 1p to £2. Determined to distinguish his reign from that of his beloved mother, the King has also embossed them with another of his great passions: nature.

Featuring endangered species from across the British Isles, such as the puffin, the red squirrel and the bee, along with flowers and the oak tree leaf, the coins reflect His Majesty's devotion to conservation and equality.

- population halve since 2007
- 2p coin: Red squirrel... expected to blend into the colour of the copper coin
- 5p coin: Oak tree leaf... a rich habitat for biodiversity in woodland areas with a long monarchic association
- 10p coin: Capercaillie... found in a small part of Scotland and threatened with extinction
- 20p coin: Puffin... 10 per cent of the world population is on the UK's coastline
- 50p coin: Atlantic salmon... at threat from river pollution and habitat loss
- £1 coin: Bees... 250 species found in the UK • £2 coin: National flowers – a rose (England), a daffodil (Wales), a thistle (Scotland), a shamrock (Northern Ireland)

The coins will replace those designed by Her late Majesty Queen Elizabeth II in 2008 and may be in use by the end of 2023, but The Mint has confirmed that all existing currency remains legal tender.

## HOW TO CLEAN STERLING SILVER

FASHION

For severe tarnish, mix three parts baking soda with one part water. Wet the silver and then apply the paste with a soft, lint-free cloth. Work into the crevices, rinse well and buff.

Toothpaste is a mild abrasive and therefore ideal for cleaning silver. Simply apply a dab to your silver jewellery and rub gently with your finger or a soft cloth. Rinse and buff.

#### HOW TO CLEAN GOLD (WHITE, YELLOW AND ROSE) 1. Use ammonia

Ammonia is a powerful cleaner so is best used for occasional deep cleaning rather than frequent use. Add one part ammonia to six parts water, soak your gold iewellery for one minute, rinse and gently pat dry with a polishing cloth.

#### 2. Soak in warm, soapy water

Fill a bowl with warm water, add a few drops of washing-up liquid and leave to soak for 10-15 minutes. Use a soft-bristle toothbrush to dislodge dirt, rinse and dry.

#### **JEWELLERY TO BE CLEANED PROFESSIONALLY**

Gold and sterling silver can be safely cleaned at home. However, more delicate metals, such as platinum, should be cleaned by a professional. If your jewellery contains precious stones such as diamonds, sapphires or rubies, you should stick to mild soap and water.

#### HOW TO KEEP SILVER AND GOLD JEWELLERY LOOKING ITS BEST FOR LONGER

- > Store your jewellery in an acid-free, closed container.
- Do not leave your jewellery in direct heat or sunlight.
- Avoid your jewellery coming into contact with chemicals.
- Remove your jewellery before bathing. swimming and exercising.

ccording to Pinterest, there has been a 110 per cent increase in searches for crystal eye make-up over the last year, with this beauty trend showing no sign of slowing down. Versatile, flattering, and oh-so-pretty, find out how to rock this statement look with our tips below.

## What tools do you need to do crystal

To master this trend, you will need a pair of tweezers, lash adhesive, and your chosen crystals. For complete beginners, you can also buy jewels that already have adhesive on them. It is worth noting that the smaller the crystals, the harder they will be to apply.

There is no hard and fast rule when it comes to where to apply crystals around your eyes; you can basically be as creative as you want. However, it can be a good idea to place your crystals in places that you want to draw people's attention to. For example, the inner corner of the eyes, the upper lash line and the lower lash line. Be careful when using adhesive near your eyes.

Crystal cat eyes: Create your usual cat eyes using black liquid eyeliner, and then apply gems to the upper lash line along the eyeliner for a mega-bling finish.

Silver gem-encrusted wing liner: Instead of the basic black winged liner, apply five or six tiny silver crystals from the outer corners of your eyes, extending upwards towards your temples.

Colour combinations: Crystals and eyeliner come in a wide variety of colours so don't be afraid to mix it up a bit. We love combining blue and silver, gold and metallic shades, and a full rainbow of crystals with any liner of your choosing.

Not a beauty trend for the office, you can easily remove any crystals using a cream or oil-based make-up remover. This will lift the jewels off the face without causing any irritation to the skin.

#### WHAT IS FUNCTIONAL FITNESS?

As the name suggests, functional fitness is a type of physical training that is designed to make your body function better in everyday life. More specifically, functional fitness exercises help to make daily motions such as picking up your children, carrying your shopping and walking around easier and safer.

FINCT

#### WHAT ARE THE BENEFITS OF FUNCTIONAL FITNESS?

There are many benefits to practising functional fitness, including: Enhanced strength | More flexibility | Better balance and agility | Better range of motion

#### THE BEST FUNCTIONAL FITNESS EXERCISES

Functional fitness exercises prioritise natural movements over exercises that are carried out on a machine. For example, squats and pull-ups over leg presses and lateral pull-downs or going for a hike rather than using an elliptical trainer. Some of the most effective functional fitness exercises are:

**D BEAR CRAWL:** Begin in the tabletop position on the floor | Bring up your knees so they hover above the ground | Using opposing arms and legs, take a small step forward with each limb | Return to the starting position, then repeat on each side for one minute, rest and repeat three times

**CARMER'S WALK:** Pick up a couple of weights (kgs that you feel comfortable walking with) | Keep a tight posture with your shoulders back | Take small, manageable steps back and forth across the room | Rest and repeat for two minutes

3 STEP-UPS: Step up and down from a bench | Continue for one minute, rest and repeat three times | Add weights if you want to challenge yourself | Upgrade to a box jump where you jump up and down with two feet rather than alternate feet

PLANK: Adopt the push-up position | Push through your hands and squeeze your body, engaging your abs | Hold for one minute, rest and repeat three times.

# -Sunshine VITAMIN

Vitamin D makes sure our bones, teeth, and muscles stay healthy. It also helps our immune system. And some studies suggest it might even help fight low mood and fatigue.

From early spring to the end of summer, most of us get all the vitamin D we need from our skin reacting to sunlight. And you only need to be outside for around nine minutes a day if you're lightskinned and 25 minutes or so if your skin's darker.\* But what happens when you're stuck inside and

summer sunshine is a distant memory?

#### **SHOULD I TAKE A SUPPLEMENT**

The government recommends that we all take a daily vitamin D supplement in autumn and winter. There's not enough sun around, and you can't get all the vitamin D you need from food.

Some groups are advised to take a supplement all year round. This includes children aged four and under, people who can't get outside, and people who wear clothes that cover most of their skin when they're outdoors.

#### **HOW MUCH SHOULD I TAKE?**

The recommended dose for adults and children over one year is 10 micrograms daily. This is equivalent to 400 IU (International Units). Supplements vary, so choose one that contains at least this amount. For babies, ask your health visitor or pharmacist.

#### WHERE CAN I BUY IT?

You can buy vitamin D in pharmacies and most supermarkets. If you're part of the government's Healthy Start initiative, you can get vitamin D supplements for free.

#### **CAN YOU OVERDOSE ON VITAMIN D**3

Adults shouldn't take more than 100 micrograms (4,000 IU) of vitamin D daily, and children aged one to 10 shouldn't have more than 50 micrograms (2,000 IU). However, for some people, vitamin D could still be harmful even when taking less than the maximum recommended dose. Always check with your doctor if you are worried.

# The perfect ROAST CHICKEN

rom how to create a classic roast dinner to carving it up to get the most meat out of it, the below will guide you through each step.

#### TO ROAST THE CHICKEN You will need:

1 whole chicken | Half a lemon | Butter | Salt and pepper

#### Method:

- > Pre-heat the oven to 200°C/180°C fan/gas mark 6.
- Take the chicken and remove any giblets that may be in the cavity. You can, of course, buy whole chickens with the giblets already removed.
- > Put the half lemon into the chicken cavity and smear butter over the whole bird.
- Season with salt and pepper.
- Cook the chicken uncovered for 20 minutes per half a kilo, with an extra 30 minutes for good measure.
- To make sure the chicken is thoroughly cooked, give the legs a prod to see if the juices run clear,

or cut into the breast to see if the meat is white.

#### TO CARVE THE CHICKEN

You will need: A very sharp carving knife | Carving fork | Chopping board (preferably with a well to catch any juices)

#### Method:

- > Remove the legs: Use the carving fork to hold the chicken in place and cut across the skin between the breast and the leg. Pull the leg away from the breast and use your knife to cut through the joint. Repeat on the other side.
- > Remove the wings: Repeat the process above pull the wing away from the breast and cut through the joint. Repeat on the other side.
- Remove the breast meat: Carefully run the knife down the centre of the breastbone to cut through the skin. Run the knife down the breastbone, cutting the meat from the bone.
- The rest: Pick off any remaining meat to use in a pie or soup or freeze in a container for another day.

# What's the difference between... Whisky & bourbon

o you like whisky but say you can't stand bourbon? If yes, you may be surprised to hear that bourbon is actually a type of whisky.

Discover the main differences between bourbon and other whiskies below. Plus, some delicious whisky and bourbon cocktails.

#### WHAT IS WHISKY?

Whisky is a family of distilled liquor that is made by fermenting wheat, rye, barley or corn. It is then aged in wooden barrels that are typically made of oak. This is what gives whisky its distinct brown colour and taste.

There are many different types of whisky, including Scotch (Scottish whisky), Irish Whisky, Rye whisky and Japanese whisky.

#### WHAT IS BOURBON?

Bourbon is a specific type of American whisky that is made from at least 51 per cent corn and aged in new charred oak barrels rather than reused ones. The name bourbon comes from Bourbon County in Kentucky, which is where this popular spirit originates from. Straight bourbon whisky has to have been aged for at least two years.

#### WHAT IS THE DIFFERENCE IN FLAVOUR?

Bourbon has a sweeter flavour than other types of whisky, boasting notes of vanilla, oak, and caramel. This is owing to the high concentration of corn. Rye whisky tastes grassy and peppery with a spicy finish, Scottish whisky is malty and buttery, Irish whisky is known for being light and fruity and Japanese whisky has floral notes with hints of oak.

#### POPULAR WHISKY COCKTAILS:

- > Whisky Cour 50ml whisky, 35ml lemon juice and 12ml simple syrup
- > Old Fushioned 50ml rye whisky, 1 sugar cube, a few dashes of water and angostura bitters
- > Whisky Highball 50ml whisky and 100ml soda water or ginger ale
- > Whisky Gmush 50ml whisky, 25ml simple syrup, 1/4 lemon wedge and 1 sprig mint

#### POPULAR BOURBON COCKTAILS:

- > Bourbon Cour 50ml bourbon, 35ml lemon juice and 12ml simple syrup
- > Kentucky Mule 50ml bourbon, 15ml lime juice and ginger beer to top
- > Bourbon Manhattan 50ml bourbon, 25ml sweet red vermouth and 2-3 dashes angostura bitters.

#### INTERIOR DESIGN PROFILE

# NICOLA HARDING & co.

After five years of working with landscape designer Arne Maynard, Nicola Harding decided to launch her own studio in 2008, a move that has seen her become one of the UK's most respected designers. Her work has a classic touch, made timeless with the right pieces and colours creating looks that are unique, but work perfectly for the spaces they're in. If you love flashes of colour and quirky features, then Nicola Harding could serve as your perfect designer inspiration.

#### ABOUT NICOLA HARDING

According to Harding: "Our aim is to create places rich in atmosphere, places people feel enchanted by and connected to, places people quickly feel at home in."

This comes from Harding's background of living on military bases that had a standard design, where the smallest personal touches could make a space feel more like home.

Harding's designs are full of personality, using the history of the property to create designs that work with the features, bringing them to life through the pieces and textures that then make the space feel loved and warm. From antique furniture to bespoke pieces, the result is effortlessly charming, a look that people fall in love with.

#### BRINGING NICOLA'S STYLE INTO YOUR HOME

What's fantastic about Nicola Harding's portfolio is that every space is unique. This makes it easy to create similar looks in your home, but with your own personality shining through. Some tips for emulating some of Harding's wonderful style include:

- > Use colour in unexpected ways. From doorways to ceilings, you can use colour in different places to add quirky accents. A dusky or pale pink on the walls keeps the space light, while vibrant blue or green furniture will add some interest. Choose a neutral shade to paint skirtings and coving to break things up and bring your colour scheme together.
- > Enhance your home's existing features. If you have archways or beautiful fireplace settings, why not paint them to make them more of a feature?.....
- > Consider adding furniture that's of the property's time, with antique finds providing a sustainable way to decorate your home. Keep an eye out for dressers, sideboards and lamps that have hand-carved details, as well as metallic hardware to make the look more high-end.
- > Use tonal elements to bring together different colour palettes. Using different shades of a single colour (pink and grey are popular choices), as well as patterned looks for your furniture, such as sofas and accent chairs and textiles (rugs, cushions, curtains), adds layers to the room and can quickly add interest and personality.

#### HOW TO USE DARK PAINT WHEN DECORATING THIS AUTUMN/WINTER

s we step into autumn, interior design is turning towards the snug and inviting. One of the biggest trends making waves in the world of home décor is the use of paints in all sorts of moody hues. So if you're fed up with all those whites and pale greys, read on and discover how dark paint colours have so many advantages.

#### CREATE A COSY HAVEN

Dramatic colour doesn't have to mean stark charcoals and deep navy blues. For something more alluring, think about using warm, earthy tones like dark beige, deep terracotta or green. These nature-inspired tones will help transform your space into a cocoon-like sanctuary.

#### SEAMLESS EDGES

If you're using dark paints, why not go all in? A dark feature wall won't change the look of your room much or make it look bigger. But if you paint all your walls, woodwork and ceiling the same colour, it can look fabulous. The uniform colour blurs the room's edges, making it appear more spacious. So it's a great idea for small spaces.

#### SOFT AND INVITING

Matt paint and natural pigments will soften the overall look of your walls, making moody colours less imposing and more welcoming. For woodwork, opt for an eggshell finish to blend into your matt walls.

Blacks can look great on walls, but many have blue undertones, which will look cool. That's perfect if that's what you're after. But for something warmer, choose a black with brown undertones.

> As autumn takes hold, it's time for a paint adventure. Remember, paint can be changed if you don't like it. So unleash vour inner decorator, invest in some sample paint pots, and get ready to welcome colourful warmth into your living space.

# How to make a Christmas CUTLERY POUL

over your cutlery with Christmas cheer with this simple and stylish craft. All you need are a few materials and some basic sewing skills and you are good to go!

#### YOU WILL NEED:

A sewing machine or needle and thread A rotary cutter or pair of sharp scissors A ruler Cotton fabric fat quarters in your preferred Christmas colours or patterns 2 x pieces of festive ribbon or trim (optional)

#### HOW TO MAKE:

#### Step 1: Cut your fabric

To create your pouch, you will need two pieces of fabric in contrasting colours or patterns. These need to be cut to 38cm x 12cm.

#### Step 2: Decide on your layout

One piece of fabric will be used to make the inside of your pouch and the other will be used as the flap. Your cutlery will lie on the inside fabric and be covered by the outside one.

#### Step 3: Place your fabrics face to face

Next, place your two fabrics face to face. If the flap fabric has a pattern, this needs to be placed upside down. Using a 10mm seam allowance, stitch around the two pieces of fabric using a sewing machine or by hand. Leave a 4cm gap at the bottom for turning.

#### Step 4: Clip the corners

Clip the corners of the fabrics, making sure not to cut the stitches, then turn the pouch the right way in. Pop out the corners using a pencil and then iron gently to smooth out the fabrics. Sew up the gap.

#### Step 5: Add ribbon or trim

If you want to add ribbon or a trim, lay out your pouch and sew the pieces of ribbon or trim to the edge that will turn up to make the flap.

#### Step 6: Complete the pouch

Fold the flap over with a 13cm measurement and iron it in place. Carefully tuck the ends of the trim inside and pin it in place. Sew all the way around the pouch as close to the edge as you can to create a top stitch.

**LEATHER AND WOOD** 

awesome in-home ambience?

Sumptuous soft leather against solid wood is about as luxurious as you can get in a modern home. From leather cushions on a wooden bench or a walnut wood bedframe with leather panelling, the contrast between hard and soft is impossible to resist.

#### SUEDE AND COTTON

Both are beautifully soft, and yet the rugged texture of suede almost feuds violently with the plush softness of cotton. Ideal for brightening up bland bedding, suede cushions are the perfect foil to give your bedroom a hotel feel before removing for a restful night of sleep.

#### **WOOL AND SILK**

Wool and silk may be the oddest of bedfellows, but together they conspire to make something rather beautiful. From luxurious rugs to coveted curtains and upholstery for almost anything, the colour, guality and sheer beauty combined make this a dream duo.

#### **TWEED AND CORD**

Tweed is a very harsh material that has bundles of presence, which is why you should match it with something softer, like cord. Both have a vintage and almost classic feel, which works perfectly for a formal sitting room.

#### **CHROME AND GLASS**

Creating an almost retro/futuristic feel, the stunning mirror shine with the transparency of glass transforms an ordinary coffee table into a futuristic centrepiece.

After a huge year, Kylie Minogue AO OBE is revving up for the grand finale

with an ITV extravaganza, *An Audience with Kylie*. Few of us can boast of a career of more than three decades; even fewer can achieve such a feat in the cut-throat music industry, and one in a billion can do it with the grace, style and panache of Kylie.

An undisputed queen of reinvention, the 55-yearold Aussie delighted her fans earlier this year with the sizzling floor-filler *Padam Padam*. It was a track that not only launched her back into the charts (the song peaked at number eight, becoming her 52nd Top 40 single in the UK), but also flaunted her spectacular and seemingly ageless appearance in the accompanying music video.

For Kylie – who returned to where it all started this year in the well-received *Neighbours* finale – such moments have become second nature. Bursting onto the music scene in the late 1980s with her debut single, *I Should Be So Lucky*, her angelic voice, combined with a girl-next-door charm, made her an instant sensation.

Kylie continued to release chart-topping hits that solidified her status as a pop sensation. Songs like *Got to Be Certain*, *Je Ne Sais Pas Pourquoi* and *Especially for You*, a duet with Jason Donovan, became anthems of the era. Her catchy tunes and memorable music videos created a pop culture phenomenon. By the time the 90s rolled around, however, saccharine pop was on the wane. Rather than fade away,

Kylie retreated into her cocoon and reappeared as an indie princess, even collaborating with the master of melancholy, Nick Cave, on *Where the Wild Roses Grow*.

MINOGUE

Another defining moment of Kylie's career came in the early 2000s with the release of *Fever*. The album's lead single, *Can't Get You Out of My Head*, became a global phenomenon. Its hypnotic beat and unforgettable hook catapulted Kylie back to the top of the charts worldwide and solidified her status as an international pop icon.

Though she is adored across the globe, her status here in the UK is one of particular reverence. So much so that Kylie, who was awarded an OBE in 2007, has spent much of the last few decades living in London and now owns an apartment in the highly coveted Hyde Park One building, alongside a house in her home town of Melbourne.

Fortuitously, her abode in Britain's capital is a short walk from the location of her ITV special, the iconic Royal Albert Hall. *An Audience with Kylie* promises to dazzle with an array of floor fillers from both her recent album, *Tension*, and her award-winning back catalogue. She will also field a bevy of questions from the floor posed by specially invited VIP guests, including celebrity Kylie superfans.

Kylie said of the event on December 1: "I'm so excited to announce that I am teaming up with ITV for *An Audience with...* at London's iconic Royal Albert Hall. I'll be performing some of my favourite tracks from throughout my career and no doubt answering some surprising questions from the audience."

The one query she's sure to bat away is talk of retirement. An icon of modern music, the industry – in all its inconsistency and fragility – is indebted to this marvellous mainstay, and her star will surely never be allowed to wane.

# New operation sees police crack down on crime

FROM YOUR AREA

Fifty police officers helped to combat issues in Epping, such as burglary, hate crime and speeding, as part of Essex Police's new Operation Community.

Six officers conducted patrols in areas surrounding Epping, leading to six stop and searches and arrests for the possession of class A drugs and possession of an imitation firearm.

On Epping High Street, officers set up a stall and handed out information about how to spot and report hate crime and fraud, alongside a member of the council's antisocial behaviour team.

Just along from the stall, offensive graffiti was spotted and then removed by the council team. Two men were subsequently arrested after a CCTV appeal.

In an effort to crack down on reckless road users, more than 500 speed checks were carried out at eight sites in several areas, including Epping Forest and Theydon Bois.

Sergeant Rob Fitt, of the Community Safety Team, who coordinated the operation, said: "We are listening to the local community and we want people to report crime and antisocial behaviour. If you report online at www.essex.police.uk, the information will come straight through to us in the same way it does with a phone call. If you can tell us when and where incidents are occurring, the team can take action."

# Drivers urged to be wary following deer collisions

Epping Forest District Council (EFDC) is warning residents to be careful when driving through the forest, following reports of deer and vehicle collisions. A spokesperson for EFDC said: "It is currently rutting season, when deer will be preoccupied with looking for a mate, and the males may be engaged in a dangerous rut to establish dominance. This means they are more likely to enter the roads unexpectedly at this time of the year.

"Please drive respectfully and carefully through the forest roads. Please always keep dogs under effective control to ensure they do not chase any wildlife.

"Finally, if you come across a deer rut, please do not get close to the animals."

# Work to start on new leisure centre and swimming pool

Bakers Lane Car Park, in Epping, will close on Tuesday, November 14, to make way for the new Epping Leisure Centre.

Contractors are expected on site soon after the closure to start site preparation and survey works.

Epping Leisure Centre will become the newest and most energy efficient in the district, supporting the council's aim to become carbon neutral by 2030. As well as air-sourced heat pumps and digital technology, the centre will incorporate the highest levels of insulation into construction, keeping future energy bills and carbon emissions as low as possible.

Councillor Ray Balcombe, Epping Forest District Council's cabinet member for contracts, service delivery and improvements, said: "I am thrilled that work will soon begin on the new leisure centre. Residents can look forward to wonderful new facilities, including Epping's first municipal swimming pools." The centre is expected to open in 2025.

## DAME ELEANOR LAING MP

**Conservative MP for Epping Forest** 

t was a great honour to take part in a unique event last month when a tree donated to the people of Essex by His Majesty King Charles III was planted in Epping Forest.

The King has gifted a tree, to mark and celebrate his coronation, to each county in the country. I am so pleased that the decision was taken to plant the Essex tree here on Epping Forest land. It is a small-leaved lime tree, which is likely to grow to some 25 metres in height. I am told that its sweet-smelling summer flowers are a great attraction to insects and pollinators looking for nectar and its leaves are popular with caterpillars. So it is good for the natural environment.

The tree is now firmly in place on The Green at Theydon Bois. Epping Forest is looked after by the City of London so we were privileged to have the Lord Mayor of London (pictured second from left) and the Lord Lieutenant of Essex (pictured centre) here to perform the planting ceremony.

In 1882, Queen Victoria dedicated the forest "to the enjoyment of my people forever". The tree that she planted then in High Beach is still a great visitor attraction. I am sure that generations to come will visit The Green at Theydon Bois to admire our new tree and to remember the very special occasion which it marks.

# **Exploring the expansive** corners of Hatfield Forest

n west Essex on the border of Hertfordshire lies a treasure trove of natural beauty: Hatfield Forest. This enchanting forest, once a royal hunting ground, is a special place where age-old landscapes have been preserved and history echoes through every leaf and branch.

The forest, which spans more than 1,000 acres, features coppiced trees, ancient wood pasture and shimmering lake, making it a paradise for nature lovers, walkers and picnickers

alike. Hatfield Forest isn't just about natural beauty, though. It was preserved as a hunting ground by William the Conqueror and is steeped in centuries of history. It's a living, breathing relic of medieval England, and stories of past royalty and deer hunts

are woven into the very fabric of the woodland. Boundary disputes have dominated much of Hatfield Forest's past, and these dividing lines remain intact to this day, despite the fact that renowned

landscape designer Capability Brown was invited to modify elements in the 18th century.

In later times, the Victorians explored agricultural use, and during the Second World War, some parts of the forest even came under military occupation.

These days, the expansive setting is carefully protected by the National Trust, offering accessibility for locals and visitors alike, who are invited to have a picnic in the open grasslands, enjoy the tranquillity of the lake, or take a leisurely walk through the ancient woods. With the latter in mind, there are a number of designated routes that can be traversed through the forest, although some of the trails can become guite muddy during the winter months.

Regardless, Hatfield Forest, which is also marked as a Site of Special Scientific Interest, provides a beautiful escape from the modern world.

N its are the bane of every parent's life and can be a nightmare to get rid of. While over-the-counter treatments are effective, they can also dry out your child's scalp and hair. Discover four natural alternatives below.

USANG

#### ESSENTIAL OILS

With the ability to eliminate nits and nourish the hair, there are several essential oils that you can try, including tea tree oil, lavender oil, neem oil, clove oil and eucalyptus oil. For best results, mix 15-20 drops of your chosen oil with 60ml of olive oil, apply to the scalp and comb through with a nit comb.

#### **RAW GARLIC**

Raw garlic has antibacterial properties and can be used to suffocate nits. To use garlic on nits, crush a peeled bulb of garlic into a paste and then mix with either olive oil or lime juice. Apply to the head, leave for 30 minutes and then wash the hair as normal. No combing needed.

#### CONDITIONER

If you are worried about drying out your child's hair, then you may want to try applying a thick conditioner to suffocate the nits before using a fine nit comb to remove them. This also helps to make the combing process less painful for your child.

#### VINEGAR

Both normal vinegar and apple cider vinegar can be used to effectively kill and get rid of nits. All you need to do is mix one cup of vinegar with one cup of warm water. Distribute the mixture evenly onto the scalp and cover with a hair cap. Leave for 30 minutes and then wash with their usual shampoo. No combing needed.

#### MORE TOP TIPS FOR NIT REMOVAL:

- Wash all bedding and any recently worn clothing in hot water.
- Vacuum upholstered furniture, rugs, soft toys and car seats.
- Recheck the scalp every day for two weeks.

# CHRISTMAS GIFTS for your pe

РП

ഗ

f your pet is just like another member of your family, then you will want to treat them on Christmas day to Discover three homemade Christmas gifts for your furry friend that they are guaranteed to love.

### A sock and ball toy

One of the easiest and most affordable DIY pet gifts, a sock and ball toy will provide hours of fun for your dog on a shoestring budget. Simply place an old tennis ball or two into a sock and tie in a tight knot. For a festive twist, use a Christmas-themed sock. Once unwrapped, swing the sock around, play tug-of-war or launch it down the garden for a quick game of fetch.

### A cat scratcher

If your cat loves to scratch your furniture, then they are long overdue their own scratcher. All you need to do is attach a piece of rope around a piece of wood using a hot glue gun and then hang the wood on the wall within reach of your cat or glue/screw to a

wooden base. Rub some catnip on the rope to make this gift even more enticing for your feline companion.

## A no-sew pet hed

Stop your pet from sleeping on your bed by making them their own place to sleep with just a few basic supplies, including some anti-pill fleece fabric, a small bag of polyester fibrefill material and a pair of sharp scissors. Simply decide what size bed you want to

make and then cut an extra eight inches all the way around two pieces of fleece fabric so that you have enough to cut four-inch strips to tie the bed together. Fill with the polyester fibre material until plump, and tie to finish.

# How to create a rock garden

n recent years there has been something of a rock revival going in Britain's gardens. A trend that came to the fore in the

nineties has seen something of a revival, with an increase in sales of rocks and alpine plants. Add in pebble mulches and gravel, and it's clear we are refreshing our garden spaces to add height, texture and, dare we say it, perhaps the odd splash of cascading water.

As for how to style your perfect rock garden, a slope obviously helps. If you don't have one, fear not - you can create a display by banking rocks closely together, filling in gaps with brick, stone or rubble to create a defined ridge.

It's a good idea to look for local stone - this will add character to the garden; and while many varieties may be expensive to buy, searching locally online may well bring about cheap or free sources of stone.

Let rocks develop a patina of age - don't clean them or they won't look authentic and bury them about a third of the way into the ground, tilting backwards, allowing space for grass and plants to flourish around them.

Now all you need to do is pattern surroundings with what you choose - an evergreen, such as miniature conifers will create vertical interest, while smaller shrubs will keep layers of interest even through the cold winter months.

Drought-tolerant plants such as sedums and sempervivums are also a good idea, while trailers, such as creeping rosemary, creeping thyme or aubretia, will guide the eye across the structure.

Finally, for texture, add some contrasting shapes - spikes, slants, velvety leaves - plus smaller bulbs, such as wild tulips, daffodils, snowdrops and crocus. With your work done, sit back and admire!

hile many might scoff at the idea of the UK being a warm winter getaway with gourmet food, it's a top holiday spot in the bird world! That's right – as temperatures drop elsewhere, large numbers of our feathery friends flock to Britain.

#### **MAJESTIC GEESE AND SWANS**

Leading the parade of bird visitors is the fabulous pinkfooted goose. When the temperatures dip in Iceland, and food gets scarce, the geese fly to the Faroe Islands, rest a bit, and then head to the UK. Similarly, Bewick swans head over from Siberia, while whooper swans make their way from Iceland.

#### **VIBRANT COASTAL LIFE**

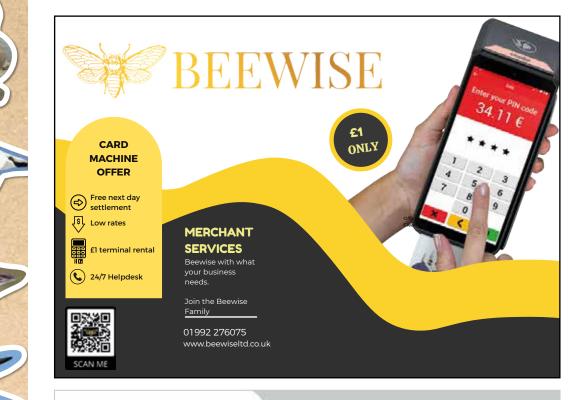

Every autumn, the UK's beaches and wetlands burst into life with a big mix of wading birds from northern Europe, the Arctic, Russia and northern Canada. These include lapwings, dunlin, oystercatchers, bar-tailed godwits, redshanks, and grey plovers from the Arctic.

#### **INLAND VISITORS**

Moving inland, colourful Bohemian waxwings, with their distinctive crests, black eyeliner, and peach-tinged plumage, fly in from Scandinavia. You can sometimes spot them in large flocks in berry-laden bushes in towns, car parks and gardens. And it's not uncommon to see large numbers of dainty goldcrests with a radiant yellow stripe along the top of their heads. Despite weighing no more than a ten-pence piece, this remarkable bird journeys across the North Sea to spend its colder months with us.

Other northern European visitors you might spot in your garden include redwing and fieldfare – both types of thrush.

When spring comes, the birds fly back to their homelands to breed. Given the warming world and milder climates in their nesting territories, these winter visitors might one day no longer grace our shores. So let's all appreciate them a bit more – while we still have the opportunity.

# A landlord's guide to improving your EPC RATING

What to attract more tenants, help the environment, and potentially increase the value of your property? Here are some top tips to boost your EPC rating.

#### What is an EPC rating?

An EPC rating is a standardised indication of a property's energy efficiency. The minimum EPC rating for landlords of private domestic rented properties is E. However, the government has proposed that all rental properties will need a rating of C or above by 2028.

#### How to achieve a higher EPC rating

#### Smart lighting Your choice of lighting

Your choice of lighting contributes to your property's EPC rating, with energy-efficient light bulbs, aka LEDs, generating less heat and longer Smart LED lighting can also

be automated, which means that there is no need for light switches as all the lighting is controlled via an app.

#### Underfloor heating

Underfloor heating systems use less energy because they operate at a lower temperature. If your property has effective insulation, underfloor heating can help you to achieve a higher EPC rating. Water-based underfloor heating systems are the most effective.

Triple glazing

Buildings lose most of their heat through their windows, which means that the better your glazing, the less energy

your property will waste. Triple glazing is estimated to be around 40 per cent more thermally efficient than double glazing.

The cost of installing solar panels has dropped considerably in recent years, by as much as 82 per cent since 2010. However they are still just as effective a

making homes more efficient and raising your EPC rating.

#### Help from your energy supplier

If your tenants are receiving benefits such as universal credit, working tax credit or child tax credit, you may be able to get help with the cost of insulation and replacing or repairing the boiler. Your property must have a rating of E, F or G to be eligible.

# SEAL UP SAFARI

ave you ever yearned to see fluffy white seal pups in their natural habitat? If so, a trip to Blakeney Point in north Norfolk could be up vour street.

Blakeney Point is home to England's largest grey seal colony – and winter's a great time to visit. From the end of October to mid-January, around 4,000 pups are born - and you can't fail to spot some.

#### What is Blakenev Point?

Blakenev Point is a four-mile stretch of pebbly beach with a backdrop of dunes, salt marshes and mudflats. It's one of England's 220 National Nature Reserves and is looked after by the National Trust.

#### Can I walk there?

(f 0 d)

01279 939082

You can walk to the point from the car park at Cley beach. But it's not for the fainthearted. It's a fourmile walk, mostly on shingle. But if you're fit and love nature, you're in for a treat!

#### What's the best way to get there?

The most exciting way to get a closer view of the

seals is by boat. Several companies offer seal-watching trips from nearby Morston Quay. You can travel there by car or on the Norfolk CoastHopper bus service from places like Sheringham and Cromer.

The boat trip will take around about an hour. Just remember the boat trip is for viewing only; you can't land there.

#### **Planning ahead**

Remember to book your seal trip in advance and get there early. Places on the boats fill up quickly, and the car park can be a challenge. Even on a warm day, the sea can be chilly and might splash you. So pack some warm clothes and some rain gear. And remember your camera and binoculars!

#### Let's talk seals

- > Grey seals are marine mammals
- > Adult seals can weigh up to a whopping 300kg
- > Grey seals can live for 30-40 years
- > Britain has more than 120,000 grey seals 40 per cent of the world's total.

# Pon't ask the price, M'S A PENNY

n 1884, a Polish immigrant opened a stall in Kirkgate Market in Leeds, selling household goods, haberdashery and toys for a penny a pop. Back then, who

could have guessed the stall would blossom into retail giant Marks & Spencer?

#### **SO HOW DID IT HAPPEN?**

Michael Marks was born into a poor Polish Jewish family in what is now Belarus. He emigrated to England when he was 23 years old to escape persecution. He settled in Leeds and got work at John Barran & Sons' garment factory.

Marks soon branched out. He started buying goods from a local wholesaler and selling them door to door. With the profits, he opened his first market stall, known as 'Marks' Penny Bazaar', and branded it with his then-famous slogan, 'Don't ask the price, it's a penny'.

In 1894, Marks teamed up with Thomas Spencer, his wholesaler's bookkeeper. The company continued to grow. But sadly, it soon lost its two founders. Spencer died in 1905 at the age of 53, and Marks died in 1907 at just

RKS' PENNY

48. By then, the company had 145 stalls and shops nationwide and a turnover of  $\pounds400,000$  – which is worth more than  $\pounds61$  million today.

## MARKS' SON SIMON TRANSFORMED THE BUSINESS...

In 1926, the company was floated on the stock market and moved into clothing and food. It made its reputation by selling only British-made products. And it offered cash refunds for items, however long you'd had them, so long as you had the receipt.

Simon Marks launched the St Michael brand name in honour of his father in 1927. The name was a symbol of quality and appeared on items from ready meals to overcoats till

Tom Spencer

the company rebranded in 2000. Since the late 1990s, the company's had a rocky ride. Be that as it may, it still has around 1,500 stores and turned over £6.6billion last year.

BAD SPORTSMANSHIP:

# BUTT WARNE on the spot

ricket undoubtably has universal popularity. Combine this with its intricacies, its longevity as a game, the ease of online betting and the variety of bookmaker markets, and you have the potential for foul play, on an international scale. Take Pakistan's 2010 tour of England, for example; a series that became the centre of a sting by the *News of the World* (*NoTW*) where its reporters secretly filmed Mazhar Majeed, a British bookmaker and agent, giving bribes to visiting players ahead of the Lord's Test.

Money was offered on the proviso that two Pakistan fast-bowlers, Mohammad Asif and Mohammad Amir, would deliberately send no-balls at agreed times – known as spot-fixing. Even the team's captain, Salman Butt, was in on the scam.

The *NoTW* exposé ended with jail sentences meted out to all four, with the three players also receiving lengthy bans.

While the idea was brazen and reflective of the global gambling market, it was not the first time it had happened. Between 1994 and 1995, an Indian man referred to as 'John the Bookmaker' handed over cash to Australian stars Mark Waugh and Shane Warne in exchange for pre-match weather and pitch information.

'John' soon upped the ante, requesting team selections and tactics, but the duo refused. The Australian Cricket Board became aware of the allegations and the action taken was to fine each player privately.

In the aftermath, the Aussies claimed that Pakistan captain Salim Malik had approached them with bribes in exchange for losing matches. While their own credibility as witnesses had evaporated, the story was pursued, and former captain Malik received a life ban in 2000.

In 2023, cricket's abundant riches implies spot-fixing should be less appealing to players, yet the lure of a payday is always there.
